

FIGHT IS CERTAIN.

(Continued From First Page)

of the Oliver faction had been threatened. Newell Sanders, chairman of the House Central Committee, supplied a counter-attack to the Lathrop hatchet exhibition, by telling to his argument of the desperate fight which the Hale men were compelled to make before they were allowed in the hall, and of how a big colored man was about to chop him with an Oliver hatchet before some of the Hale men put the negro suddenly into a state of coma. His account of the struggle in the convention hall was received by the committee with much interest.

TWO FIGHT IS CERTAIN.

The hearing of the Texas case came next, and in these three contests over the seats for the delegates-at-large, and from the third, fourth, sixth, seventh, ninth and thirteenth, fourteenth, fifteenth and sixteenth districts, consolidated and after a brief hearing the delegates from the faction headed by Cecil A. Lyon, the present national committeeman from Texas, were seated.

The reorganized Republicans, who contested in every one of the districts, were completely defeated, not receiving a single delegate. After this decision the committee adjourned until tomorrow.

It is understood, although no official announcement to that effect was made, that the contests in the Second and Twelfth Texas districts will be withdrawn and that the arguments only will concern the First, Fifth, Eighth, Tenth and Eleventh districts.

The delegates seated today from Texas are not instructed by Committeeman Lyon, who directs affairs generally, asserting there is no doubt that their votes will be cast for Taft.

It is the earnest desire of the committee to finish its work tomorrow night, and in order to facilitate this it has been decided the remaining contests from Texas are to be consolidated, as also will be those from Virginia.

The situation around the hotels was not little more active than yesterday, no entire delegation being as yet upon the ground. The most important arrival of the day was that of Wade H. Ellis, Attorney-General of Ohio, who brought with him a draft of the platform. He refused to discuss its provisions, but asserted that, in his opinion it would be a "best platform" that any political party has sanctioned in recent years.

A number of Pennsylvania delegates arrived during the day and announced that Senator Knox was in the fight to a finish, and the bigger the fight, the brighter they believed his chances will be.

R. S. Stephenson of Ohio, who opened the Parker headquarters today, made a similar announcement in behalf of the Ohio Senator, asserting that he would not under any circumstances withdraw before the end of the voting.

HARD FIGHT EXPECTED.

It is possible that a hard fight will result to the meeting of the Resolutions Committee over the opposing planks which will be presented by representatives of the American Federation of Labor and the National Association of Manufacturers. It has already been announced that the difference of labor leaders is to be held for the purpose of deciding that the platform "contains a plank declaring against or at least greatly modifying the use of the injunction in labor disputes."

James W. Van Cleave, of St. Louis, president of the National Association of Manufacturers, today anticipated the labor conference by issuing a formal statement in which he bitterly attacked the position which the union labor men are expected to assume. He declared that anything approaching an advocacy of class legislation should be avoided by the Republican party, and asserted that the labor leaders, who have been mentioned in connection with the coming conference, and he named Samuel Gompers in particular, are members of the Democratic party and should not be recognized by the Chicago convention.

"Let them make their own deal in Denver," he said in his statement. "They will not support the Chicago ticket, no matter who may be nominated."

FUTURE PLANS.

PARTY TO RISE STILL HIGHER.

REPUBLICAN ORGANIZATION TO BE IN ACCORD WITH TAFT.

Among Great Objects to be Attained, Says "Evening Post" Writer, Will Be Bringing into Fold of Best Citizenship of South Hereafter Affiliated With Democrats.

(BY DIRECT WIRE TO THE TIMES) CHICAGO, June 11.—[Exclusive Dispatch.] The Evening Post tonight publishes an article written by Douglas Sutherland, in which he says, among other things:

"The Roosevelt principles of administration are to remain the principles of the Republican party for four years to come, and will be the basis on which the Presidential nomination will be made by the Republicans four years hence. The incoming National Committee will be made up in a strong majority of its membership by men who are in accord with William H. Taft, the Republican nominee, and with the administration of President Roosevelt. The reactionaries and obstructionists will be in a harmless minority and the lifting of the party to a still higher plane of service to the nation is predicted.

"The complexion of the next committee and the consequent certainty of what the party standards will be in the future has been decided by the seating of the Taft delegations by the present committee, and the overturning of the power of those who have opposed the President and decried the principles and the candidacy of Mr. Taft.

"The reorganization of the party in the South, and its establishment upon a higher level, both of civic morality and party efficiency, is one of the objects which will be attained, it is believed, in this make-up of the new national body.

"Plans already have been formulated by men who will be leaders in the new committee to effect the bringing into the party the best element of the South's citizenship, which thus far has been affiliated with the Democrats, but which they think should stand with the Republicans in principles, and has been in hearty accord with the administration of President Roosevelt.

"Among the noteworthy changes in the selection of Senator W. B. Borah of Idaho to succeed W. B. Borah, Senator Borah has been one of the valiant champions of the administration, being selected by the President only a few weeks ago to make reply to charges of unfairness in the Brownsville case.

"Other changes include the selection

MANY MILLIONAIRES IN ONE DELEGATION.

(BY DIRECT WIRE TO THE TIMES) CHICAGO, June 11.—[Exclusive Dispatch.] King Edward's new State has sent two twenty-three millionaires as delegates to the Republican National Convention.

As a delegation the men from the Empire State will carry more ready money in their pockets than any other representation from any State. There being twenty-three millionaires out of seventy-eight delegates from the State, the remaining fifty-five will not have far to go when they want to borrow money.

Politicians around the headquarters scattered through the Michigan avenue hotels professed today to see a certain coincidence between the twenty-three millionaires and the Hughes boom. They were wondering whether Gov. Hughes would have been nominated if there had been twenty-two or twenty-four millionaires on the New York delegation, and some of them were wondering why, with so many millionaires on his staff, Gov. Hughes did not have a walkover in the convention.

The fact is, not all the New York delegates are for Hughes. Millionaire Delegates Woodruff, Berri, Dady, Odell, Bradley, Littauer and Foot are uninstructed, while Millionaire Delegates Ward and Andrews are instructed for Taft. Only fourteen millionaires are therefore for Gov. Hughes, and nine presumably for Secretary Taft.

of Maj. Barker of Alabama, Powell of Colorado, and Fred W. Upham of Illinois.

"The selection of Arthur L. Vorys, the Secretary of the campaign in Ohio, assures a friendly vote from Mr. Taft's State."

EVERYBODY IS SURE.

KNOX AND HUGHES MEN TALK.

(BY THE ASSOCIATED PRESS—A.M.) CHICAGO, June 11.—The candidacy of Senator Knox of Pennsylvania was given an impetus today by the arrival at the Knox headquarters of Gen. R. P. Hagwood, Edward J. Krause and Edward S. Kinsey of Pennsylvania.

"Stick" said Gen. Hagwood in reply to a question whether or not his campaign was a friendly vote from Mr. Taft's State.

"I can't say for sure," said Mr. Kinsey, "but I believe it will be a friendly vote from Mr. Taft's State."

HAS PLATFORM DRAFT.

ELLIS REACHES CHICAGO.

(BY THE ASSOCIATED PRESS—A.M.) CHICAGO, June 11.—Atty.-Gen. Wade H. Ellis of Ohio arrived in Chicago today, bringing with him a rough draft of the tentative platform to be adopted by the national convention.

"I came for obvious reasons to discuss the character of the platform now," said Atty.-Gen. Ellis, "but I believe it will satisfy the people, as it covers features in popular demand at this time. Its scope is wide, and it is broad enough to satisfy popular wishes, and, in my opinion, it will prove the best platform that any political party has sanctioned in recent years."

EXPECT BIG CROWD.

EIGHTY THOUSAND ESTIMATE.

(BY THE ASSOCIATED PRESS—A.M.) CHICAGO, June 11.—It is estimated by the authorities that 80,000 persons will be brought into Chicago on account of the Republican National Convention. During the last national convention held in this city, the extra business done by the railroads exceeded 100,000. The falling off in the attendance is credited largely to the elimination of free transportation.

SUFFRAGISTS WANT A PLANK IN PLATFORM.

(BY DIRECT WIRE TO THE TIMES)

WASHINGTON, June 11.—[Exclusive Dispatch.] The Female Suffrage Association of the United States will ask the Republican convention to include in its platform a plank in favor of the woman's right to vote.

"As in the rapid development of our country in every department of industry and science, in which women have become so strong an economic factor and forming, as they do, more than one-half the graduates of our colleges and universities and now comprising three-fourths of the teachers of the public schools of the country; and as they have become prominent factors in every branch of the Federal government, there is our opinion, women citizens should be given the privilege of voting for Federal officers wherever they are willing to qualify themselves for the office."

Bella A. Lockwood, one of the signers of the resolution, said today: "President Roosevelt has said to our committee that 'the question of woman's suffrage is not now before the country.'"

"William J. Bryan says 'It is not a national issue,' but as his daughter has been made one of the delegates to the National Democratic Convention to meet in Denver this week, hence it may become a Democratic issue."

THIRD TERM GHOST STALKS IN CHICAGO.

(BY DIRECT WIRE TO THE TIMES)

CHICAGO, June 11.—[Exclusive Dispatch.] The third term ghost is stalking through the hotel lobbies and candidate headquarters. The men who want to see Roosevelt in the White House four years more are still hoping almost against hope that something will break in the convention that

TAFT PREPARES TO QUIT.

To Resign Cabinet Portfolio Immediately After Chicago Convention.

Gen. Wright to Succeed Him. WASHINGTON, June 11.—[Exclusive Dispatch.] Secretary Taft devoted all of today to clearing departmental business preparatory to leaving the Cabinet. He expects to resign immediately after the Chicago convention, the resignation to take effect at once.

Gen. Luke E. Wright will be appointed Secretary of War before July 1. One question of importance to be settled before Taft goes out is a successor to Gen. Mackenzie as chief of engineers. Gen. Mackenzie wrote a letter to Secretary Taft urging the appointment of Col. Marshall, who has charge of the Ambrose channel work, but destroyed it at the request of Col. Marshall.

Col. T. W. Symons of the engineer corps, who has been mentioned prominently for the place, talked with the President and Secretary Taft today, but said that no decision had been reached. Col. Symons was at one time military aide to the President.

NATIVE DAUGHTERS NOMINATE.

Exciting Election Will Be Held by Grand Parlor Today by Convention at Lodi.

(BY THE ASSOCIATED PRESS—P.M.) Lodi, June 11.—Today's session of the grand parlor of Native Daughters was devoted to the nomination of grand officers. The election will occur tomorrow. Following are the nominations: Grand President, Anna L. Munroe, Perrine; Grand Vice-President, Emma Willey, Lodi; Mamie Perion, Stockton; Grand Secretary, Laura J. Frakes, Butler Creek; Belle Douglas, Nevada City; Grand Treasurer, Sue K. Christ, San Francisco; Elizabeth B. Douglas, San Francisco; Grand Marshal, Anna F. Lacy, San Francisco; Theresa Muldon, Jones; Louella Dineen, San Francisco; Grand Outside Secretary, Joe. Barham, San Jose; Emma Perich, Tracy.

A grand ball was given in honor of the delegates tonight by the local parlor of Native Daughters at the Monte and Perrine in the race for the next grand parlor.

DIES RATHER THAN KILL CAIR.

Young Woman Teacher Chosen by Terrorists to Commit Suicide, Escape Being an Assassin.

(BY DIRECT WIRE TO THE TIMES) LONDON, June 11.—[Exclusive Dispatch.] The Express correspondent at Reval cables that despite the extraordinary precautions taken to protect the Emperor Nicholas, the birth of a new assassin was reported today. A terrorist plot against his life, organized by revolutionaries, would have been successful, but for the refusal of a young woman chosen as executioner to do the work.

The schoolmistress chose suicide as the only alternative to executing the mandate of the revolutionists. The young woman committed suicide by throwing herself in front of a train two days before the Emperor arrived at Reval.

TO GUARD PRESIDENT.

WASHINGTON, June 11.—[Exclusive Dispatch.] Chief Wilkie of the secret service was at the White House today making arrangements for the protection of the President while he is at Oyster Bay.

As in preceding summers, the President will be carefully guarded. Last year a detail of ten picked secret service men watched over him, and the number will be fully as large this year.

King Edward's Reval Toast Causes Surprise.

Possible Keynote of Change in European Politics. Affair Results in Representation by Germany.

(BY DIRECT WIRE TO THE TIMES)

LONDON, June 11.—[Exclusive Dispatch.] King Edward's toast at the Anglo-Russian banquet in the harbor of Reval has awakened intense popular enthusiasm in England. His Majesty's words with reference to the Russian people have come as a complete surprise.

"Above all," said he, after toasting the Emperor and the Imperial family, "I drink to the welfare and prosperity of the Russian people." This phrase especially regarded as incomparably the most significant and dramatic thing in connection with the Reval meeting. Nobody in London expected the King to use such an expression, particularly after his refusal to convey to the Emperor anything bearing on the struggle between bureaucracy and democracy in Russia. The King's raising the Russian people to the first place in his toast is thought to strike the keynote of new developments in European politics.

The democracies are getting together in France, England and the three Scandinavian kingdoms with Italy powerfully attracted to them. The sure day of triumph for the Russian democracy is not yet, but the British believe that it is slowly winning, and that the future belongs to it.

GERMANY DISPLAYS "THE MAILED FIST."

(BY THE ASSOCIATED PRESS—A.M.)

ST. PETERSBURG, June 11.—It was learned here today from a competent source that the recent meeting between King Edward and Emperor Nicholas at Reval, and the approachment between Great Britain, Russia and France, has been made the subject of grave representations on the part of Germany, which has met the threatened birth of a new "Triple Alliance" with a display of the "mailed fist."

After the announcement of the Reval meeting, Russia was given to understand at Berlin that the conclusion of a formal entente between these three powers would be regarded as a measure hostile in tendency, or to quote the exact term used by the German press, as a "Kriegsgebund."

Whether such a development was originally contemplated at the meetings between King Edward and the President of France and King Edward and the Emperor of Russia is not stated, but the immediate result of the representations made in Berlin was the publication of an obviously inspired article in the official Russian, while speaking warmly in favor of the meeting between King Edward and Emperor Nicholas, decried that the suggestion of a new grouping of the powers at the present time was impossible.

Further, Foreign Secretary Grey announced in the British House of Commons that no further extension of the Anglo-Russian convention was contemplated.

## CALIFORNIANS ON THEIR WAY.

Republican Delegation De-  
parts for Chicago.

Gen. Stone Is Disappointing  
His Enemies.

Lincoln-Roosevelt League's  
Delegates Non Est.

BY HARRY CARR.

(BY DIRECT WIRE TO THE TIMES.)  
SPARKS (Nev.) June 11.—[Ex-  
clusive Dispatch.] All these chaste and  
bitter tears appear to have been wasted.  
Gen. Stone started for Chicago this  
morning with the other delegates, and  
not in Mr. Herrin's private car, as  
Mr. Herrin's car may be.

The California delegation will not be  
accompanied by a movable free lunch  
as in previous convention years, and  
therefore they always have been  
special train plastered with big ban-  
ners and filled with free wine and  
orange. The special this year is not  
even strictly a special. All the berths  
on the Overland limited were reserved  
for delegates. The rest is an ordinary  
train carrying drummers who discuss  
the Harvey eating-house at Needles,  
and women darning infants.

In the baggage cars, however, are  
several cases of decorations for the  
adornment of the California headquar-  
ters in the Auditorium in Chicago.

All the streamers have been made to  
order in San Francisco. One of the  
chief features of the decorations of the  
California suite is to be a magnificent  
star flag.

The delegation left very quietly this  
morning without any brass bands or  
undue emotion.

On the lower deck of the ferry-boat  
was a gray-bearded man with tired  
eyes, whom the other delegates seemed  
surprised to see. It was Gen. Stone,  
supposed to be in Herrin's private car  
plotting the ruin of the "peepul." He  
laughed when somebody mentioned it,  
and said:

"Our friends, the Lincoln-Roosevelt  
planned quite a tour for me, didn't  
they?"

He said he was very tired and looked  
forward to the trip as a rest. In the  
absence of the chairman, M. H. De  
Young, Gen. Stone was the unofficial  
caravan leader.

Michael Herrin had an informal  
engagement with himself in Reno, Nev.  
It had become rumored that Herrin  
intended to have De Young arrested  
and taken off the train as a technical  
fugitive from justice.

Gen. Stone, however, was charged with  
criminal libel being pending against  
him. As Herrin was considered quite  
capable of it, De Young discreetly  
ducked the night before across the  
State line. Owing to his absence, no  
action of any kind was taken by the  
delegation.

Tomorrow there will be a meeting  
at which a delegate-at-large will be  
informally selected to take the place of  
Jacob New and Charles Wheeler, the  
Lincoln-Roosevelt delegate and his  
alter ego.

Mr. Neff's physician is said to have  
informed him that the trip in his pre-  
sent enfeebled condition would prob-  
ably result fatally. His alternate,  
Charles Wheeler of San Francisco, left  
two days ago for Europe.

News of Neff's condition came too  
late to enable the Executive Commit-  
tee to select a substitute before leav-  
ing. In such contingency, the law is  
that the delegation shall choose a  
member to fill the vacancy.

A member of the National Commit-  
tee, probably George Knight, will be  
chosen and a member for each of the  
great convention committees. Any  
so taken will be ratified on ar-  
rival in Chicago.

The Lincoln-Roosevelt will not away  
the choice to any great extent. There  
are a lot of them. They preserve  
a demeanor of elate and timid  
joy. One of them is Phillip Bancroft,  
a boy who lives in San Francisco, and  
Frank W. Marvin, who climbed on  
somewhere in California, and took  
his bearings with alarm and said rue-  
fully:

"Gee, we're kind of scarce, aren't  
we?"

Well, speaking about the trip, a num-  
ber of wives and daughters of the  
party are making the trip, and their  
friends came down to see them aboard.  
So the delegation went away to nomi-  
nate a President of the United States  
to the tune of a little clatter where  
no complexion would wash off.

Coming into the Sacramento Valley, it  
turned very hot. The California de-  
legation knee deep in the streams, and  
the hobo was sleeping in the shade  
of the water tank. The Governor and  
a crowd of politicians were waiting at  
the depot when the train stopped at  
Sacramento. Gov. Gillett looked haggard  
and sick.

WANT GEN. OTIS  
TO BE A DELEGATE.

(BY THE ASSOCIATED PRESS-P.M.)  
SPARKS (Nev.) June 11.—The  
question as to who will be elected to fill  
the vacancy in the California delega-  
tion to the Republican convention,  
caused by the illness of Jacob Neff of  
San Francisco, one of the delegates  
at-large, has not been settled up to a  
late hour tonight.

It is expected the delegation will  
elect Gen. Otis of Los Angeles to the  
place, but friends of the general say  
he would likely decline the honor. In  
that case the place would probably  
go to Alternate Powers.

Under the California law, the delega-  
tion can itself fill vacancies on the  
delegation when a quorum of the State  
Executive Committee is not present.  
Only three members of the committee  
are on the train and it requires five  
members to act.

Judge Neff is one of the four dele-  
gates from California positively ac-  
credited to the Lincoln-Roosevelt  
League faction of the party. Charles  
S. Wheeler is Neff's alternate and he  
sailed for Europe three days ago.

The selection of Neff's successor by  
the delegation makes it possible to se-  
lect a regular organization man for  
the place.

No meeting of the delegation has yet  
been held on the train and may not  
be held until tomorrow. This is due to  
the fact that M. H. De Young, chair-  
man of the delegation, has not yet  
joined the party, but is expected to  
board the train somewhere in Nevada.

At the caucus of the delegation  
which will be held between San Fran-  
cisco and Chicago, members of the  
various committees from the nation-  
al committee will be selected. George A.  
Knight will be chosen national com-  
mittee man from California by unani-  
mous vote of the delegation.

At 9 o'clock last night Gen. Otis re-  
sponded to an inquiry from the Asso-  
ciated Press as follows:  
"Your telephoned information as to

intended action of the California dele-  
gation to the National Republican con-  
vention in filling the existing vacancy  
comes to me as a surprise. I have  
heard nothing direct from the delega-  
tion now en route to Chicago, and am,  
therefore, unable to respond intelli-  
gently to the inquiry of the Associated  
Press. It looks at the moment as if  
certain pressing private affairs of mine  
would stand in the way of my leaving  
here in time to reach Chicago at the  
opening of the convention. I will,  
therefore, be constrained to decline the  
suggested honor should it be tendered.  
—HARRISON GRAY OTIS.

## NEGRO TO SECOND TAFT'S NOMINATION.

(BY DIRECT WIRE TO THE TIMES.)  
WASHINGTON, June 11.—[Ex-  
clusive Dispatch.] The nomination of  
Secretary Taft at Chicago is to be se-  
conded by a negro, if the present tenta-  
tive plan of the Taft managers is not  
disrupted. Bookkeeper T. Washington  
today had conference with Secretary  
Taft and informed him that this would  
be done unless he vetoed the proposi-  
tion.

The matter is that the advisability  
of such action has been passed up to  
Charles P. Taft, Frank H. Hitchcock  
and H. A. Vorys. If they reach the  
conclusion that the negro vote may be  
somewhat placated through a second-  
ing of Taft by one of their number,  
this programme will be carried out.

GUARD ANSWERS HAMMOND.  
DECLINES TO MAKE ANY DEAL.

(BY DIRECT WIRE TO THE TIMES.)  
BOSTON, June 11.—On his arrival  
from Washington last night, Gov.  
Guild made public his reply to a let-  
ter from John Hays Hammond relat-  
ing to the Overland limited nomination  
for Vice-President.

Gov. Guild informed Mr. Hammond  
that he could not make any agree-  
ment with him regarding the nomi-  
nation. Mr. Hammond wrote to Gov.  
Guild that if the Republican National  
Committee or the delegates to the  
Chicago convention desired a New  
England man for Vice-President he  
would withdraw and do everything in  
his power toward the selection of Gov.  
Guild. On the other hand, Mr. Ham-  
mond asked the Governor if he (Guild)  
will support him in the event the party  
leaders decided the Vice-Presidential  
candidate should be from some sec-  
tion of the country other than New  
England.

Mr. Hammond holds that he repre-  
sents the West as well as the East.  
The Governor, in his reply, said:  
"When the Governor of Michigan was  
asked enough to suggest my name in  
connection with the Vice-Presidential  
nomination, I stated that I should  
neither run after the nomination nor  
away from it. My name would not go  
before the national convention had not  
the Massachusetts State Republican  
Convention formally put forward as  
that of the Massachusetts candidate,  
and had not both Senators volunteered  
to take charge of the matter in the  
national convention."

"You will readily see, therefore, that  
it is quite impossible for me to ac-  
cept any nomination if he likes it. For  
any combination whatever, even with  
a personal friend."

DAVID B. HILL SAILS.  
OFF ON EVE OF CONVENTION.

(BY THE ASSOCIATED PRESS-A.M.)  
NEW YORK, June 11.—David B.  
Hill started for Europe this afternoon  
on the White Star steamer Baltic. It  
is his first trip across the Atlantic,  
and he has been planning it for some  
time.

The departure at the beginning of  
a national campaign leaves no doubt  
in the minds of those who felt that he  
might go back into political harness,  
that he has finally retired from all po-  
litical activity.

The Denver convention on July 7 will  
be the last national convention of his  
party in more than thirty years that  
he has not attended, either as a delegate  
or a potential leader.

He has set no time limit on himself.  
He will visit the principal cities of  
England and the continent, and will  
stay all summer in France.

For the first time in many years he de-  
clined last night to see newspaper men.  
He said his secretary had declined to  
let the reporters that he hoped to have  
a pleasant trip, and expected no red fire  
either at the pier when he started or  
at home when he returned.

HEARST GAINS LITTLE.  
GETS THIRTY MORE VOTES.

(BY THE ASSOCIATED PRESS-A.M.)  
NEW YORK, June 11.—The recount  
of the Hearst-McClellan Majority  
contest proceeded expeditiously today.  
Seventy-four boxes counted up to noon  
recross gave Hearst a net gain of thirty.  
On the 44 boxes counted, there was a  
net gain is 213 votes. There are 1484  
boxes remaining to be counted. Mc-  
Clellan's majority on the face of the  
returns was 3474 votes.

SMITH BADLY BEATEN.  
BIG MAJORITY FOR BROWN.

(BY THE ASSOCIATED PRESS-A.M.)  
MACON (Ga.) June 11.—Returns  
from the 146 Georgia counties have  
been received by Chairman Miller of  
the State Democratic Executive Com-  
mittee, and have been compiled.

The official majority of Joseph M.  
Brown for Governor over Hoke Smith  
in the primary of last Thursday is  
10,857 votes.

NEW V.P. POSSIBILITY.  
NEBRASKA GOVERNOR BOOMED.

(BY DIRECT WIRE TO THE TIMES.)  
WASHINGTON, June 11.—[Ex-  
clusive Dispatch.] A new possibility of  
Vice-President is being discussed to-  
day. He is Gov. Sheldon of Ne-  
braska.

Senator Burkett of that State is one  
of the men back of the Sheldon move-  
ment. It is urged that as he is from  
Bryan's State, he would strengthen  
the ticket.

POLITICAL BRIEFS.

Unusual Event Noted.  
LEXINGTON (Ky.) June 11.—A  
telegram was received at the State  
convention today from William J.  
Bryan and Henry Watterson, con-  
gratulating the Democrats of Ken-  
tucky on being united.

TROOPS CHASE YAGUIS.  
Negotiations for Peace Are Suddenly  
Broken Off by Indians and Mes-  
quites Are Resumed.

(BY THE ASSOCIATED PRESS-P.M.)  
TUCSON (Ariz.) June 11.—A special  
to the Star from Hermosillo says that  
4000 Mexican soldiers, under the per-  
sonal command of Gen. Lorenzo Tor-  
res, are in the country in hot pursuit  
of the Yaqui Indians.

All negotiations looking toward the  
signing of the peace treaty were sud-  
denly broken off this afternoon. The  
Yaquis insisted on retaining their arms  
and ammunition, after having agreed  
to every other stipulation of the Mex-  
ican government. The Mexican officers  
stood steadfast, and the Yaqui general  
withdrew from the negotiations.

Immediately couriers were dispatched  
to the Mexican troops in the field to  
resume hostilities. It is not believed  
the campaign will last long, as the  
Mexican troops have all the water  
holes in the Yaqui country well sur-  
rounded.

## IMPORTANT PLANKS.

(Continued From First Page.)

the only picturesque scenes of the  
and instead of a constitution formu-  
lated and collected at the time, the  
were really statute laws. The sugges-  
ed platform, while clear in every par-  
ticular, avoids the mistake most no-  
ticeable.

Naturally, the platform may be di-  
vided into two sections dealing first  
with the things which have been done,  
and then with those which the party  
promises to do. In the first division are  
grouped salient features of the Roose-  
velt administration. Each item of the  
President's policy is specifically com-  
mended, and the country is congratu-  
lated upon its highly successful re-  
sults of his administration.

Among these things is the passage  
of the new currency law. The plat-  
form will claim credit exclusively for  
the Republican party for the passage  
of a law which will enable the banks  
to supply the country with plenty of  
currency when there is need for it.

In the same plank the party will  
pledge itself to carry on a more com-  
prehensive reform of the whole bank-  
ing and currency system in the near  
future. Reference will be made to the  
fact that the Currency Commission  
created by the last session of Con-  
gress, and the pledge will be made  
to the Republican party that after  
it receives the report of that commis-  
sion, it will go to work to better the  
financial system without delay.

Whether it should be through a central  
bank of issue, branch banks, or a  
general provision for credit currency  
will be left to the discretion of the  
party. The plank will also mention  
reached without a single one of the evil  
results which were predicted when this  
legislation was under consideration.

There will be a suggestion that rail-  
roads should be allowed to pool their  
earnings inasmuch as the govern-  
ment retains the right to regulate  
rates.

Attention will also be called to the  
passage of the meat inspection, and  
the pure-food laws, both of which are  
in satisfactory operation, and the party  
will pledge itself to continue similar  
work to benefit the health and  
prosperity of the people.

OHIO TARIFF PLANK.

Turning to the tariff, which is the  
most immediate future policy of the  
administration, the plank in this  
plank is adopted practically intact, but  
with the addition of a declaration for  
the maximum and minimum tariff sys-  
tem as the best method of meeting and  
overcoming possible discrimination by  
foreign countries.

In the platform will be found, as I  
have previously indicated, a declara-  
tion in favor of some sort of regula-  
tion of the issue of securities by inter-  
state railroads. This is one of the  
where there will be a wise absence of  
detail as to the plan to be adopted, but  
the plank pledges the party to seek  
immediate methods by satisfactory and  
constitutional legislation to protect the  
people, so that when they buy a rail-  
road security they may have the same  
assurance that it represents some  
tangible value, and is not merely an  
unredeemed promise.

The plank will, however, make  
it absolutely clear that this policy  
does not contemplate in the re-  
motest degree any attack upon the val-  
idity of the securities of the railroads.  
The plank pledges the party to seek  
immediate methods by satisfactory and  
constitutional legislation to protect the  
people, so that when they buy a rail-  
road security they may have the same  
assurance that it represents some  
tangible value, and is not merely an  
unredeemed promise.

When the tentative platform is sub-  
mitted to the committee, there will  
be found in it a declaration in favor  
of the establishment of a system of  
postal savings banks following along  
the exact lines of the repeated recom-  
mendation of Postmaster-General  
McClure.

This intended plank is one of the  
things which the conservative element  
of the convention will strongly op-  
pose. The conservative element of the  
party are said to have been besought  
by bankers and by financial men gen-  
erally, to prevent the adoption of such  
a plank, the opponents of the plank  
point out that the result will be a  
creation of an enormous fund, amount-  
ing to billions of dollars, and under  
the direct control of the govern-  
ment. The temptation would be, it is  
feared, to use the money for current  
expenses, and to neglect the fund.

It is feared, it might not always be  
possible to reinvest it at a rate even  
fractionally above the market rate.  
The plank, however, provides that  
the government will be compelled to  
pay to the depositors, so that there  
would be an additional incentive to  
save. It is into the general fund of  
Treasury, thus largely increasing the  
national debt, with the inevitable re-  
sult that the government will be tempted  
into extravagant appropriations.

INLAND IMPROVEMENT.

One of the salient features of the  
Roosevelt policy, which will be noted  
with approval by the conservative  
element of the party, is the plank  
platform, and which the party will  
pledge itself to continue, embraces  
a general scheme of inland im-  
provement, the creation of forest  
reserves, the conservation of the  
natural resources of the country,  
including, among other things, the  
and the systematic and comprehensive  
improvement of the inland water-  
ways. There may be no attempt to  
stand out for specific forest reserves,  
but there will be a clear declaration  
of policy in favor of the general prin-  
ciple.

In all probability, the party will re-  
frain from pledging itself to pass laws  
reducing the representation of the  
southern States in proportion to the  
degree to which they deny the right  
of suffrage to the negroes. There was  
such a plank in the Ohio platform,  
and it seems to be generally under-  
stood that it did not meet approval of  
Secretary Taft or President Roose-  
velt.

There will, however, be a  
specific denunciation of the action of the  
southern States in cutting the negroes  
off from the right to vote and count  
and with it will be a demand that all  
legislation shall treat the white man  
and the black man exactly alike, and  
that if education or other restriction  
of the right of suffrage are imposed,  
the law shall be executed for one race  
the same as for the other.

This demand for equal rights of the  
negroes will be particularly strong for  
the purpose of counteracting the un-  
reasonable prejudice excited against  
Secretary Taft on account of the  
Brownsville incident, with which he  
and his associates were connected.

There will be a demand that the  
order of President Roosevelt, which  
has been issued during his absence  
from the country, be rescinded, and  
that the Secretary of War be placed  
in official charge of the department.

Similarly there will be a declaration  
in favor of liberal treatment for the  
surviving veterans of the Civil War.  
The policy of old age pension will  
be favored by the party, and every  
veteran beyond the age of sixty, who  
includes practically all there are left

## THE CITY IN BRIEF

"The play's the thing!"

## NEWS AND BUSINESS.

**Marlborough Class Day.**  
The class day exercises of the Marlborough Preparatory School for Girls will be held this afternoon at 4 o'clock. There will be songs and instrumental music, presentation of pins to the upper class and awarding of honors.

**Annals of the Past.**  
The funeral of George W. Arnold, who committed suicide, was held yesterday morning at 10 o'clock at the residence of his wife, Mrs. Arnold, 1015 North Main street. The funeral was attended by a large number of friends and members of the Chamber of Mines.

**Good Roads Meeting.**  
The cities of the sixth class in Los Angeles county, which include Alhambra, Glendora, Azusa and Whittier, have appointed delegates to attend a meeting at the Los Angeles Chamber of Commerce on June 26 to discuss the proposed bond issue of \$1,000,000 for good county roads.

**Birth of a Flag.**  
The anniversary of the birth of the American flag will be celebrated by the Ladies of the Grand Army of the Republic by the raising of a flag at their cottage home at 1015 North Main street Sunday. Members of the circle of this city and surrounding towns will take part in the ceremony.

**For Barons of the City.**  
The Barons of the city will give an entertainment this evening at 8 o'clock in the Robinson Auditorium at Eleventh and Hope streets for the benefit of the Barons of the City Union. The affair promises many unique and delightful features. A star performer will be the soprano, Bettin.

**Aged Veteran's Funeral.**  
The funeral of Capt. C. C. Gette, who died Wednesday night of apoplexy at the age of 85 years, will be held at the funeral home of the Overholser-Mills Company at 2 o'clock this afternoon. The deceased was a veteran of the Franco-Prussian War, and a native of Germany.

**Victorious Checks.**  
L. V. De Ford of Pasadena was arrested by detectives yesterday on the charge of issuing fictitious checks. He is accused by Albert Cohn, of giving a check for \$10 on January 1, drawn on the Crown City Bank of Pasadena, and also issuing a check on June 6 for \$25 drawn on the same bank. The checks were returned marked "no funds." De Ford claims that he had an account with the bank and was ignorant of the fact that he had overdrawn.

**Dickinson Degree for Dixon.**  
Prof. James M. Dixon, M.A., F.R.S.E., head of the department of philology and English literature at the University of Southern California, yesterday received the degree of L.H.D. (Literary Honor Doctor) from the University of California at Berkeley, which was conferred by the trustees of Dickinson College of California. That institution is one of the oldest Methodist colleges in America, and celebrated the one hundred and twenty-fifth anniversary of its founding Wednesday.

**For the Flag.**  
Charles G. Burton, commander-in-chief of the Grand Order of the Republic, has been generally observed as "Flag Day." The commander's order on this point reads: "By the rules and regulations all members of the G.O.R. are directed to observe June 14 as Flag Day. In 1906 June 14 occurred on Sunday. While I cannot conceive that the display of the Stars and Stripes could in any way be regarded as a desecration of the Sabbath, still out of deference for the opinion of those who may possibly object otherwise, I request that the comrades observe Saturday, June 13."

**Benefit Performance for St. John's Episcopal Church.**  
A benefit performance for St. John's Episcopal Church will be given at the Gamut Club Auditorium on Tuesday evening, June 16, under the direction of Leslie F. Poncho, formerly of Sir Henry Irving's Company. "Our Boys," a comedy in three acts, will be given by Capt. and Mrs. Pascoe, Mr. and Mrs. Herbert Norman, Hunter McConnell, Onslow Newling, Ralph Sullivan, Miss Fyfe Goldsmith and Miss Anna Hester. This will be preceded by "The Synagogue," a two-act comedy given by Mrs. Leland Bagley, formerly Gertrude Heller of the James Keith Company, Capt. Pascoe and Miss Mary M. McConnell.

**Needham Urges Action.**  
Congressman J. C. Needham of the Sixth District has addressed a letter to the Chamber of Commerce in which he urges immediate action toward appointing a committee to consider tariff revision on California fruits, which will be considered in the general tariff revision at the extra session of Congress next March. The chamber was instrumental in forming the Citrus Tariff Committee that probably influenced the Congress of 1907 in putting a tariff of 1 cent per pound on citrus fruits. Now, however, the Southern California Citrus League is in existence and it will probably take up the matter, assisted by the Chamber of Commerce.

**Cotopaxi Graduates.**  
The commencement exercises of the Los Angeles College of Cotopaxi were held last night in the Woman's Club House, thirteen graduates receiving their diplomas in the presence of a large company of friends. The invocation was made by Dr. E. A. Healy, addressed were delivered by Dr. George A. Gates, president of Pomona College, and Dr. H. W. Rowley, and the diplomas were presented by Dr. H. W. Forbes. Those to receive parchments were Clyde L. Boehman, William Efford, Elmer R. Clark, J. B. Jackson, Arthur F. B. Davis, Edward H. Jones, Warren L. Nichols, Matthew R. McBurney, Arthur L. Sherwood, Chester W. Parish, Thomas J. O. Volkman, Herbert C. Wallace and A. Morgan King.

**Workmen's Bad Fall.**  
Edward Carson, cement worker, who lives at No. 443 Fern street, fell from the third story of the Federal building to a staging twenty-five feet below, about 5 o'clock yesterday afternoon and was painfully injured. He was taken to the Emergency Hospital. His shoulder was broken and his body bruised. It is believed that he will recover. Carson tripped on a board.

**Wife Leaves With Child.**  
Frank Belasco of No. 1809 Albion street sought assistance from the police yesterday to aid in the search for his wife, who left home yesterday morning and carried Virginia, their 7-year-old daughter, with her. He fears that she intends to leave the State. When Belasco went home from work last night he found that she had packed her things and gone. According to his story he and his wife have not had trouble.

**Safety Appliances Fight.**  
The time of Judge Welborn of the United States Court was taken up yesterday afternoon by the argument of United States Dist. Atty. Lawler on the legal points concerning the question as to whether or not the Pacific Coast Railway Company of San Jose, Cal., county accepted interstate business. The government is prosecuting on the ground that the company's cars were not equipped with the required safety appliances. The defense will argue the points this morning.

**Unique Bonds.**  
A full measure of pleasure is guaranteed by the Chamber of Commerce as the return on a popular issue of \$5 bonds which Secretary Wiggins and his clerical forces issued for sale at once, to be redeemed on July 4 at the "Harbor Day" celebration at San Pedro. The bonds are of the usual bank certificate type, in colors, with coupons attached. The first coupon is for transportation on a special electric car from Los Angeles to San Pedro; the second provides a place on the steamer Hermosa for the boat sight of the start of the Pacific ocean yacht race from San Pedro to Honolulu, and the third will be good for a ride on any electric car from San Pedro to Los Angeles. It was the best yesterday that the issue will be oversubscribed long before the end of the month.

**PERSONAL.**  
A. P. Gaines, a planter, of Nashville, Tenn., is registered at the Westminster. William J. Quisley, a Chihuahua mining operator, is registered at the Westminster. C. F. Karpis, a mining engineer and operator of Guadalupe, Mex., is at the Westminster. James R. Davis, a Goldfield mining man, is a guest at the Alexandria. A. Newman, a Boston capitalist, is a guest at the Alexandria. His wife accompanies him on a visit. Martin H. Anderson, a railroad official of Milwaukee, accompanied by his wife, is a guest at the Hayward. E. D. Hashimoto, a Japanese contractor, and his wife, of Salt Lake City, are guests at the Hayward. S. H. Emberry, a well-known San Diego clothier, and his wife, are staying at the Angelus while in the city. J. W. Wright, a Memphis broker, with his wife, is staying at the Hollenbeck while here on a brief pleasure trip. Robert Swafford, owner of the Swafford Machine Works of Kansas City, is staying at the Lankershim with his wife and son.

**BREVITIES.**  
The attention of Misses and Ladies is called to our choice, selected stock of wash suits and dresses. Exclusive styles for particular women, at most attractive prices. If you want something just a little bit different, visit this section of our second floor, juvenile department. Harris & Frank, 431-441 South Spring street, between 4th and 5th streets.

The celebrated Hagan shoes for men in all leathers and sizes, regular \$5, \$7 and \$8 values, right up to the latest styles, will be on sale today for \$3.50 a pair at Parry's Men's Shoe Shop, 238 South Spring street. This is, without question, the greatest shoe value ever offered in this city.

Are You Properly Proportioned?

THE MAN with broad, square shoulders and reasonably proportioned frame can wear most anything and look fairly presentable.

Other men—not so well favored by nature should appreciate even more the necessity for care in selecting correct and becoming attire.

The distance from the shoulder to the waist line—the proportion of your neck and shoulders—is different from any one else's.

That's why it takes so much accurate measurement and study of your individual figure—to produce a garment that will fit you perfectly.

## BOYS STARVE DOWN SOUTH.

**Flood Valley Seeking Jobs  
That Don't Exist.**

**Local Employment Agencies  
Are Held to Blame.**

**Men Who Gained by Sending  
Them Must Explain.**

The pitiful condition of hundreds of boys and men sent to the southern valleys by local employment agencies and the heartless manner in which victims have been wheeled out of their small earnings by the army promises of employment agents, came to the attention of the Ventura board of trustees yesterday.

The principal cause Ventura Mayor will advance for not signing is that at an election held in April, a majority of the people declared in favor of the saloons. The anti saloonists insist that this is no reason at all, and had nothing whatever to do with the passage of the ordinance.

It has been stated that McGuire has said he will resign rather than sign, but it is believed at Ventura that he is well as the courts direct. The ordinance is supposed to go into effect July 1, and is a very stringent "dry" document. If it is not made law on that date the majority of the board has announced over the signatures of the members, that no more permits will be issued. That does the saloons of Ventura. Some are already preparing to go out of business.

## NAVY STATION TO OPEN HERE.

**PERMANENT RECRUITING OFFICE FOR LOS ANGELES.**

Lieut. Commander Olmsted, With Assistant Surgeon and Five Men, Coming from Iowa to Establish Headquarters Within the Next Week—Fruitful Field.

A naval recruiting station will be opened in Los Angeles within the next week, according to information received yesterday by Commander E. J. Louis of the naval militia, who has been active in the matter since the recent visit of the fleet. When it was suggested by Rear-Admiral Thomas that there should be such a station in this city.

Commander Louis communicated with the Bureau of Navigation at Washington, requesting that a local recruiting office be established, and later was placed in correspondence with Lieutenant-Commander T. M. Olmsted, in charge of the recruiting station at Des Moines, Iowa.

The latter officer has just written that the Des Moines station is to be closed and that he will be here within a few days, accompanied by Assistant Surgeon W. T. Duhig and five men, prepared to open a permanent office in Los Angeles. On his arrival, Lieutenant-Commander Olmsted will confer with Commander Louis, who has been in quest of local quarters for the recruiting officers. It had been hoped that the station might be in the postoffice or in a building with other government offices, but this is impossible at present. Within the Federal building is completed the station may go there.

Many enlistments from Los Angeles are expected to follow the opening of the station. The visit of the Atlantic fleet and the frequent calls at local ports by vessels of the Pacific fleet have inspired hundreds of Los Angeles youths with the desire to go to sea. At present, if they desire to enlist, they are obliged to go to the nearest recruiting station, San Francisco, and the expense of the trip has deterred many from making the effort to get into the navy.

With the establishment of a station here, recruits from a wide territory, taking in practically the entire Southwest, will have a better opportunity to enlist, and, if they meet the necessary requirements, they will be sent at government expense to the ships to which they may be assigned.

It is the belief of Commander Louis that the recent increase in pay, together with other inducements held out to young men, will result in many enlistments. There has been an increase of 10 per cent. in the pay within the last ninety days, and in the different branches of the service are many positions that carry excellent salaries. Furthermore, as Louis says, an enlisted man who successfully passes the examination for ensign before he reaches the age of 25, may work up some day to be a rear-admiral.

## COLLISION BRINGS DEATH.

**Sprinkling Wagon Is Hit by Street Car and Driver Is Killed Almost Instantly.**

While driving a sprinkling wagon, K. M. Fancher, of No. 148 North Avenue, was struck by West Eleventh street car No. 384 at Darwin street and Avenue 20, about 5 o'clock yesterday afternoon, and almost instantly killed. His skull was fractured at the base, and it is believed that the wheels struck the car before it crashed into the wagon. Fancher was thrown from the seat and fell on his head. He still held the reins, and was dragged several feet before W. E. Hanson of No. 529 Darwin street, who saw the accident, reached him.

An ambulance was called but Fancher died before it arrived. His body was taken to Brice Bros. mortuary and an inquest will be held today. Fancher leaves a family.

## TAKE THE MONEY.

The labor rate ticket to the valley cost \$10, but Phelan did not collect for that. He took Woodruff's \$1.50 and then told him it might be some time before he could secure a card named Ferguson, which states that, owing to the Japanese trouble in the valley, it would be impossible to place any students at work immediately, but that later good positions at picking melons would be furnished them.

"Don't go until I tell you the time has arrived," warned Phelan. "Then when you reach the valley your position will be there and you will step right on past the men on the ground and have a good paying position."

The same sort of story was told to other applicants. During the past week many of them have gone to the valley and presented their application cards, only to be told that there was no work. They could get no satisfaction out of the employment agent, and Attorney Ford went to their homes.

Many took their last money to purchase tickets. They are now desolate on the desert and are sending pitiful letters to their parents, asking for

## MAYOR SAYS WON'T SIGN.

Ventura's Executive Declines to Obey Appeal Court on Prohibition.

Mayor McGuire of Ventura has been ordered by the Appellate Court, in a decision handed down here yesterday, to sign the prohibition ordinance passed by a majority of the Board of City Trustees of Ventura, or appear before the court next Monday, and show good cause for not signing.

McGuire says he won't sign, but will come before the judges with his reasons.

The principal cause Ventura Mayor will advance for not signing is that at an election held in April, a majority of the people declared in favor of the saloons. The anti saloonists insist that this is no reason at all, and had nothing whatever to do with the passage of the ordinance.

It has been stated that McGuire has said he will resign rather than sign, but it is believed at Ventura that he is well as the courts direct. Some are already preparing to go out of business.

## AT OUR DOOR. HAWAII RIPE FOR NEW LINE.

**Railroader Just Back Tells of Steamer Need.**

**Finds There a Big Opening for Local Trade.**

**Islands Look to Us to Get After the Traffic.**

L. T. Garney, president of the Los Angeles and Redondo Railway Company, just returned from an extended trip through and around the Hawaiian Islands, and was a guest of some of the members of the Hawaiian Yacht Club in Honolulu when they yacht left for San Pedro on the 24 inst. He reports great enthusiasm in the race.

With J. R. Castle and L. A. Thurston, life-long residents of the island, and owners of the largest industries there, Mr. Garney made an extended trip by island steamer and automobile through their Koa and Ohia forests, which the Mahogany Lumber Company owns and controls, including many sugar, coffee, pineapple, banana and other plantations. He is satisfied the exportation of these products to the States is only in its infancy. He insists that the representative business men of this section should induce the delivery of these commodities at our ports for consumption and reshipment to Southern California, and outlying districts, instead of allowing them to go to San Francisco.

## BULLET STOPS FUGITIVE.

**Colored Thief Is Shot in Leg by Policeman While Trying to Escape Arrest.**

While trying to escape, after stealing a hat from Mrs. Ida Wilks's store at No. 517 East First street last night, William Kelly, a negro, was shot in the left leg by Patrolman Humphreys. Kelly was taken to the Receiving Hospital, where the bullet, which caused a flesh wound, was extracted.

Kelly bought tobacco in the store, and as he went out grabbed a straw hat. Several customers in the store saw him, and informed Mrs. Wilks. She ran out and pursued Kelly two blocks, shouting for help, when Humphreys appeared. Humphreys took up the chase and called for Kelly to halt. Picking up a stone, Kelly hurled it at the officer, then continued on his flight. When Humphreys was within twenty-five yards of him, Kelly threw another stone and Humphreys drew his gun, shooting him in the leg.

## MISSING NURSES.

Miss Franta, a philanthropically-inclined trained nurse, who resides at No. 1027 1/2 South Flower street, is desirous of establishing what is popular in many places in the East—a Visiting Nurses Association. The object is to render expert services to people who are able to pay a nurse for an hour or a day when emergency demands, but who cannot afford to employ a nurse for a week, and who often suffer for want of care when they will not accept a nurse as charity.

## QUEEN COLLECTING.

**MEXICO WANTS MAN AND LOT OF MONEY.**

ACCUSED of stealing \$5,000 from the Mexican government, Salvador Malacara, formerly collector of internal revenue of the State of Guanajuato, at Leon, was arrested yesterday afternoon by Deputy United States Marshal Franklin. In his rooms at No. 114 North Hope street, were found a number of vouchers and reports which the authorities believe connect him with the embezzlement. They amount to several thousand dollars, and bear a stamp showing that the money was turned into the treasury.

For more than a year Malacara has been hiding in Los Angeles with his wife. It is stated that he mingled with the revolutionists, who sprang up here, and was protected by them. Under assumed names, he figured prominently in their organization, but only a few knew who he really was.

About two weeks ago the United States Marshal received a telegram from Atty.-Gen. Bonaparte, stating that Malacara was here. Deputy Marshal Franklin was detailed on the case. With information from the secret service of Mexico, Franklin found his address. While Malacara was at dinner with his young bride, whom he married shortly before leaving Leon, he was taken yesterday to the station.

Malacara is the son of a wealthy family of Spain. He is well educated and polished, having been schooled in the best colleges in Spain.

While a young man he went to Mexico. Influential friends secured a position for him in the customs service. About eight years ago he was appointed customs-house officer of Tlalisco, Oaxaca. In the discharge of his duties he came in direct communication with President Diaz. About a year and a half ago the President sent him a letter, appointing him as a collector of internal revenue, and summoned him to the City of Mexico to secure his commission. He was assigned to the State of Guanajuato, from which he derived a wealth of revenue. He had a score of assistants and deputies.

According to the information filed in the Attorney-General's office, Malacara is accused of collecting money, and then intercepting the vouchers, and charging that he kept these vouchers, and then failed to turn the money into the treasury.

A few days before he was to submit his report to the government he disappeared, taking with him his bride, whom he had married a short time before. Government inspectors were immediately sent into his office. Here and there a voucher was found, and his books showed a deficit of about \$25,000.

Secret-service men were placed on the case, and he was traced across the border into the United States. There they lost trace of him. It was reported several months ago that he was in St. Louis.

When Malacara was located here, President Diaz made a request on Atty.-Gen. Bonaparte for extradition papers. The nature of the offense was submitted in a complaint, and a warrant attached. Malacara will be arraigned today in the United States Court and a writ of habeas corpus from Mexico to take him back. The offense is punishable by life imprisonment.

Mrs. Malacara is young and pretty. She wept bitterly when her husband was arrested. She intends, it is stated, to secure an attorney, and with the assistance of his friends, fight extradition.

charm for Miss Henrietta Brown, a pretty Los Angeles girl, who figures in an affair which has made bitter enemies of her father and Stanley J. Fruin, son of a noble English family. After an acquaintance of four months, Miss Brown's father who is engaged to the young Englishman.

Fruin is of dazzling appearance, a charming conversationalist, a good horseman, an excellent shot, and plays tennis like a champion. He has served as a Grenadier guard and looks every inch a soldier.

Fruin, for the mere love of adventure, walked from Redondo to Los Angeles early this year, after he had worked his way by boat from San Francisco.

**FLEMING STEPS OUT.**  
 Well-Known County and City Prosec-  
 utor Leaves Public Office for  
 Private Practice.

Edward J. Fleming, one of the best-  
 known criminal prosecutors in the  
 Southwest, yesterday handed in his  
 resignation as deputy in Dist-Atty.  
 Frederick's office. The resignation  
 was accepted, and on July 1 Fleming  
 will enter private practice as a part-  
 ner in the firm of Hunsaker & Britt.

Attorney Fleming has been in public  
 office for the last ten years. Prior to  
 coming to Los Angeles in 1903 he served  
 two terms as City Attorney of Pomona  
 and practically cleaned the little city  
 of the illicit traffic in liquor.

He was appointed deputy under  
 Dist-Atty. Frederick's during the first  
 term of that official, and has served in  
 that capacity since, with the exception  
 of one year, in which he was Los An-  
 geles City Prosecutor.

While in public office here, Fleming  
 fought gambling and illegal liquor  
 traffic. He personally conducted more  
 than 200 raids on blind pigs and gam-  
 bling dens throughout the county.

He was put in charge of the prosecu-  
 tion of all city cases a little more than  
 a year ago, and immediately started  
 to clean up the vice of the city. He  
 had the work well in hand, had crushed  
 the power of the tenderloin and closed  
 up dozens of questionable clubs, when  
 a Supreme Court decision turned over  
 the power of appointment of prosecu-  
 tors to City Attorney Hewitt who  
 asked Fleming to remain as Prosecu-  
 tor. Fleming declined and went back  
 to the state of Capt. Frederick's.

**SAILING DEFERRED.**  
 Departure of Party to Tour Europe  
 Fixed for July Fourth—Going  
 to Bayreuth.

Miss House of Huntington Hall, who  
 is to tour Europe this summer with a  
 select party, will be detained in Amer-  
 ica for a time, and the Huntington  
 Hall party will not sail until July 4.  
 This date will make the return voy-  
 age too late for students entering col-  
 lege in September, hence a few va-  
 cancies are open to desirable candi-  
 dates if application is made at once.

First class sailings have been se-  
 cured on the White Star and North  
 German Lloyd lines, and accommoda-  
 tions will be secured at first class  
 hotels (not pensions) throughout the  
 travel in Europe.

The party will land in England, en-  
 joying a coaching trip through the  
 Shakespeare country, visiting the uni-  
 versities of Cambridge and Oxford, and  
 the cathedral towers. After nine days  
 in London, the travelers will go to  
 Paris, visiting the Rouen Cathedral en  
 route. Fourteen days will be spent in  
 Paris, and then the party will visit the  
 French chateaux of old Touraine, get-  
 ting a glimpse of extravagant French  
 royalty before reaching the art cen-  
 ters of Holland. The Rhineland, Dres-  
 den and Munich will be included in the  
 German itinerary, and then the group  
 will arrive at Bayreuth in time for the  
 Wagner festival, seats for which will  
 be secured in advance.

After a quiet rest in the Swiss Alps  
 and a little glimpse of the Italian  
 lakes, the party will spend September  
 in Italy, the best month of all for visit-  
 ing the art centers and historical  
 shrines of Venice, Florence, Naples  
 and Rome.

The stay in Rome will be a treat for  
 all students. Several interesting lec-  
 tures on the Roman Forum, the Golden  
 House of Nero, and the Palatine will  
 be given by a noted archeologist of Eu-  
 rope. Starting from Naples in Sep-  
 tember the party will enjoy a Mediter-  
 ranean cruise and disembark at Gib-  
 raltar for a glimpse of the famous  
 fortress and a peep at Oriental life.  
 The party will reach New York, Octo-  
 ber 1.

Madame de Ballu, head of the  
 French department of Huntington  
 Hall, will accompany the party and  
 the members will have the benefit of  
 French conversation and instruction.  
 Miss House will be at Huntington  
 Hall for a few days this week to ad-  
 vise those interested in the trip.

**TRIP OF MISADVENTURES.**  
 Three Owners of Nevada Mining Prop-  
 erties Meet With Many Difficul-  
 ties in Travel.

A trip of many misadventures  
 reached its climax for a short time  
 yesterday, when L. S. Brown of  
 Springfield, Mass., H. E. Street of New  
 York City and C. E. Julian of Benton,  
 Cal., arrived at the Westminister after  
 five weeks of travel filled with many  
 exciting incidents. The three men are  
 mine operators and promoters. They  
 had in this city during May to visit  
 some of their mutual holdings. The  
 first stop on the trip was Needles,  
 where they purchased an automobile  
 to cross the desert. Within twenty  
 miles of the Colorado River their ma-  
 chine broke down and they were forced  
 to procure a launch, which was to carry  
 them to Yuma.

When less than forty miles from  
 Parker they launched and they were  
 forced to buy a small rowboat, and  
 for ten days they paddled down the  
 Colorado, arriving at Yuma three  
 days ago. On their journey to this  
 city they had stopped at San Fran-  
 cisco where they had their trunks. They  
 telegraphed there to have them for-  
 ward, so that upon their arrival here they  
 might be able to rehabilitate their  
 wardrobe, which in the various stages  
 of the river journey had shrunk to the  
 actual khaki suits they wore.

Breathing a sigh of relief, they en-  
 tered the hotel yesterday morning and  
 proceeded at once to look for their  
 trunks. They had not come. Some-  
 where in language, judiciously used over  
 the telephone, elicited the fact that a  
 local transfer company was holding  
 them, and would deliver them at once.

 "Takes the place of Eggs and  
 Baking Powder"  
 It is just as practical to make improve-  
 ments on Baking Powder as it is on  
 automobiles or anything else that is on  
 manufactured or compounded.

That's the very reason behind New-  
 mark's Pure Baking Powder. We  
 carefully looked into gen-  
 eral Baking Powder condi-  
 tions as they have been ex-  
 isting for the past 50 years.  
 We found ROOM FOR IM-  
 PROVEMENT.

Is it any wonder that  
 "Newmark's Pure" is so  
 rapidly displacing the in-  
 ferior powders in thou-  
 sands of the best homes?

 The pre-cooling and refrigerating plant  
 established in the basement of the new  
 packing-house is proving a suc-  
 cess.

**MORE IMPROVEMENTS.**  
 More improvements are planned for  
 the Ganesha Park tract. Steps are be-  
 ing taken toward the laying of a gas  
 main on Huntington boulevard with  
 laterals from there on the east and  
 west streets. The city has put a fire  
 plug in the six-inch water main at  
 the corner of Laurel street and Hun-  
 tington boulevard for better fire pro-  
 tection. Two houses are being built  
 on Williams street by Messrs. Jutter  
 and McIntyre, one on Huntington  
 boulevard by H. F. Beck, one on Lau-  
 rel street by E. H. Welch, local Santa  
 Fe agent, and two more are being  
 contracted for. The forty-foot private  
 right of way granted the Pacific Elec-  
 tric Railway on Huntington boulevard  
 from Holt avenue to Ganesha Park will  
 later be curbed and present an ap-  
 pearance similar to that of Hun-  
 tington Drive, South Pasadena.

**POMONA PERSONALS.**

NEWS REPORTS FROM CORRESPONDENTS OF THE TIMES.

AL FRESCO.  
PLAYS GIVEN  
IN OPEN AIR.  
PLENDID SCENIC EFFECT UNDER BIG PEPPERS.

Very Creditable Performances of "As You Like It" and "A Midsummer Night's Dream" at Pasadena. Young Doctor Faces Serious Charge—Poisoner Pleads Guilty.

AL FRESCO, June 11.—(Times Staff Writer.) The Al Fresco plays given at the Hotel Maryland yesterday afternoon were not an overwhelming success. As for the enthusiasm of the crowd, the ability of the players and the scenic effect under the great pepper trees, nothing more could have been asked. A large number of spectators took advantage of the fact that there was no fence, and enjoyed the show from the street, the park improvement fund suffering considerably through this lack of public spirit. "As You Like It" was the offering of the afternoon, and the performance was very creditable for out of doors. The stage under the big pepper trees was ample, and the natural scenery was a source of great enjoyment. Further, it was in keeping with the play, for the action takes place in the great forest of Arden. Festival Aymer as Touchstone, gave a performance worthy of the part, and Miss Gertrude Keller as Rosalind, was charming. The support was good. Though the afternoon performance was enjoyed more than was expected, the evening play was much more attractive. The scene was entirely in keeping with the surroundings, and the production throughout, and extremely pretty. The actors were much more in tune with the surroundings than in the afternoon, and the larger audience was good cause for encouragement. The music was of special charm. Mr. Aymer again showed his versatility. The support of Misses Rose Lambert as Hermione, and Miss Lucile Culver as Perdita, was commendable. Miss Virginia Hervey as Puck, won the hearts of all. FACES SERIOUS CHARGE. Dr. S. G. Willis of this city is facing a serious charge in a complaint sworn to by Chief of Police H. H. Favour of this city. His arrest was made last night, and he was released on \$2000 bail. It is said by those familiar with the case that the physician has been wronged in the action brought against him. Dr. Willis last night refused to make any statement. He is one of the younger practitioners of the city.

Points of Vantage Bought by Male Population When Pettis Damels Cling to Lifeline Only Waist High. Council Gets Into Rough Water Over Storm Sewer Assessment.

LONG BEACH, June 11.—Attracted by an unusual stir on the beach this afternoon, a seemingly unanimous desire of every man in the vicinity to reach some vantage ground near the rolling surf, Officer Franks, who looks after the properties of the bath-house, took a peep seaward himself. Clinging to the life line, in water reaching only waist high, were two petite damels, clad in bathing suits, but not of the regulation black. They were of pure white, and of a diaphanous material that once wet by the sea, a spectacle was afforded that made the officer gasp. Hastily the policeman burst through the crowd of masculinely admiring eyes, and heaved his baton at the scantily-clad ones. "Get out of that," he yelled. But they didn't. Instead both girls gave a frightened look at the crowd on shore and then sat down until only their heads and shoulders showed, and there they remained until Franks succeeded in driving the crowd to a safe distance. Then the two bathers hurried out, their white suits clinging closely, and wrapping long ulsters about them, they hurried to the front, but not before the policeman had got a good look at their faces and notified them that their suits were not to be allowed within the bath-house lines. The bath-house people have strict rules relative to bathers, and one of these provides that both suits made for show will not be tolerated.

PROBABLY FATALITY HURT.

Neil Heff, night operator at the road, was probably fatally injured just before midnight tonight by an explosion of gas in an oil tank. A car of oil was being discharged, and Heff was about half full of oil, and the gas which had collected above the fuel exploded when the light was lowered. Heff was blown about thirty feet. D. B. Glenn, agent of the railroad company, heard the explosion, investigated, and found Heff with his clothing smoking and severely burned. The latter was taken to the hospital, but little hope is held out for his recovery.

COUNCIL CAPITULATES.

The new City Council, which for five months has been sailing along in placid waters, had its first experience of rough weather this afternoon, when it met to consider the protests of 100 angry citizens against an assessment levied on their property for a storm sewer. The council capitulated at 6 p.m. until 6 o'clock, and a full only came when the Council capitulated and ordered the assessment dropped.

CLAREMONT.

CLAREMONT, June 11.—The annual college publication, "The Metate," was placed on sale here today by the class of '09. To advertise it, riders dressed as Indians, woke the town at dawn by their loud whoopings. At 8 a.m., the entire class, dressed in the "great oak," here all sorts of Indian songs were sung. The book carries out the Indian subject by its many full-page drawings of heads of departments. In printing and pictures, it is the best "Metate" ever put out. Tonight the juniors ended their fun-making with an open-air supper. Tomorrow will be Ivy Day. Fitting exercises have been arranged. The senior examinations started today, and will continue till Saturday evening.

VENICE.

VENICE, June 11.—Venice is preparing for the entertainment of the Oregon Society Saturday. This will be the first annual outing of that organization. All former Oregonians, whether members or not, have been invited. Efforts are being made to secure the holding of a good roads convention here during the summer. Letters have been sent to representatives of the Oregon Board of Trustees that it would aid in any way possible in the harbor line fight, even to giving financial assistance in sending a representative to Washington to look after the interests of the harbor cities. The Council also adopted a resolution, approving the general plan of the Oregon Board of Trustees, and promising to make any changes within the bay, except such as the Harbor Lines Board may recommend in the interests of commerce.

SAWTELLE.

SAWTELLE, June 11.—The residents of this city have already commenced preparations for taking a day off, when all business houses will close, and everybody will go to the beach and join in the annual picnic. Santa Monica cañon will be selected as the scene of the festivities. Sawtelle took her first annual outing last year, when the city closed up shop for a day and everybody went around the balloon route.

Clothing During Fire Near El Centro  
and Is Seriously Injured Before

When Sheds and Store Burn.

[BY DIRECT WIRE TO THE TIMES.]

EL CENTRO, June 11.—[Exclusive  
Dispatch.] At noon today fire, sup-  
posed to have started from spontane-  
ous combustion, broke out in the east  
end of the cantaloupe packing sheds  
at Meloland, and soon spread to the  
general store of Dr. R. H. Shepherd.  
Both buildings, with their contents,  
were destroyed within a few moments.  
Frank Palmer and Ted Smith, young  
men from Pomona, who had been  
working in the melon fields, were seri-  
ously burned. They were hurried by  
cavalry motor car to the General  
Hospital here for treatment.They, with other men, had been us-  
ing the space underneath the packing-  
house for a sleeping place, and as they  
were near when the fire broke out, they  
tried to save their clothing. Palmer  
fainted while under the building, and  
would have perished but for the brave  
work of Charles Beck, son of the fore-  
man of the Shepherd ranch, who pulled  
him out of danger, but not before his  
arms were seriously burned. Smith  
is estimated at \$250, and on the store  
and one thing. It is believed that  
neither is injured internally.  
Both packing-houses and the general  
store were built this spring, and had  
been used but a short time. Two car-  
loads of crates, books, and one carload  
of melon wrappers were destroyed  
with the packing-house.  
The loss on the shed and contents  
is estimated at \$250, and on the store  
and stock at \$1500, partially covered  
by insurance.

## CATHOLIC CELEBRATION.

Silver Jubilee of Sisters of Academy  
of Our Lady of Peace Commem-  
orated at San Diego.SAN DIEGO, June 11.—Catholic dig-  
nities from Los Angeles and other  
Southern California cities, including  
Bishop Thomas J. Conaty, bishop of  
the diocese, and Rt. Rev. Mr. Hart-  
nett, V.G., of Los Angeles, today par-  
ticipated in the silver jubilee of the  
Sisters of the Academy of Our Lady of  
Peace.The ceremonies opened with mass at  
9 o'clock a.m., and terminated with a  
thanksgiving service, the sermon being  
preached by Bishop Conaty.  
A feature of the afternoon cere-  
monies was the presentation of a playlet  
entitled "Carmelita, the Christian In-  
dian," written by Miss Madge Mannis,  
and acted by the school girls.The festivities included a house-  
warming at the new rectory of St. Jo-

JUDGE CONKLIN'S FUNERAL.  
Judge N. H. Conklin's funeral will  
take place tomorrow afternoon, under  
the auspices of the Masons. Previous  
to the Masonic ceremonies, a Christian  
Science service will be rendered at the  
residence, presided over by H. T.  
Pierce, reader of the First Christian  
Science Church. The Masonic rites  
will be held at the temple, with Carl  
Heifbron, Master of San Diego Lodge  
No. 2, officiating. The services at the  
temple will be directed by the order.  
Among the pallbearers will be James  
Macmillan and H. P. Comly, both thir-  
ty-third-degree Masons, representing  
the Scottish Rite; G. M. Dannels, re-  
presenting the Eastern Star, and  
Blue Lodge; and W. F. Monahan, re-  
presenting the York branch. Two  
others will be selected by the Bar As-

## SUFFRAGISTS MEET.

Women suffragists are carrying on a  
campaign of information, and at a  
largely attended meeting tonight ad-  
dresses on the primary system were  
made by Senator L. A. Wright and  
Judge W. A. Skione. The audience in-  
cluded a number of the most promi-  
nent speakers of the county. Following  
the speeches, the subject of contract  
marriage was discussed.

## SUSPECTS DISCHARGED.

Because Commander Crawford of the  
British gunboat Shearwater was un-  
able to come here to appear against  
James Conley and R. H. Thorpe on  
charges of stealing his watch, the de-  
fendants were discharged in the Jus-  
tice Court. British Vice-Consul Charles  
Hastings stated that Crawford had  
been ordered to go to Alaskan waters  
and hence it was impossible for him  
to attend.

## COLTON.

COLTON, June 11.—W. H. Blake  
suddenly of heart failure last  
evening at his home on North Eighth  
street. He leaves a widow, Mrs. Blake,  
and a child. He was taken to the  
hospital, but it is believed that he  
will not survive.

## SOUTH BROADWAY.

Ocean Park, in pleasant sur-  
roundings, is going to be a new  
place. It is a beautiful beach, with  
a swimming pool, a tennis court, and  
a playground. It is a perfect place  
for a family vacation. The new  
building is a beautiful structure, with

## WOMEN TRIP FOR TARS.

Fashionable Santa Barbara Dames  
Give Flower Dance Before  
Twelve Hundred.SANTA BARBARA, June 11.—  
Twelve hundred enlisted men from the  
Pacific fleet with about 100 officers  
and Admirals Dayton and Slocum  
and their staffs crowded the Potter The-  
ater to witness a performance of the  
beautiful flower dance by twenty  
young society women this evening.  
There were no townspeople present—  
the whole show was for the men of  
the ships. Prior to the performance  
Mrs. James H. Bull, wife of Com-  
modore Bull (retired), entertained the  
flower dancers and a few of the of-  
ficials at a reception and dance.  
After the dance the dancers and the  
officers were guests at a reception and  
dance.The cruisers now in the harbor will  
weigh anchor tomorrow morning and  
sail for San Francisco. They may not  
return here this summer. The Colo-  
rado and Pennsylvania will go into  
dry dock at Bremerton for repairs  
before proceeding to the Orient.

## SENT TO WASHINGTON.

The inquiry of the board of officers  
into the explosion on the cruiser Ten-  
nessee has been completed and the  
findings forwarded to Washington.  
Capt. Charles E. Fox, chairman, said  
a very fine spirit was shown by all the  
men.

## HOMAGE TO HIGH SCHOOL.

Society in the younger set is paying  
annual homage to the High School cir-  
cles this week. Last night the juniors  
gave the seniors the time of their  
lives at Unity Hall, in the form of a  
Mother Goose entertainment. This  
afternoon came class day exercises  
held on the lawn on the Anapamu-  
street side of the High School, with  
a local adaptation of "Robinson Crusoe."  
The commencement exercises will be  
held at the Potter Theater tomorrow  
evening.The annual game of baseball  
will be the annual game of baseball  
between the retiring seniors and the  
team representing the High School.  
Alumni Association at Athletic Park  
and the week's programme will close  
Saturday evening with a banquet of  
the Alumni Association at the Potter  
Hotel.

## HUNTINGTON BEACH.

HUNTINGTON BEACH, June 11.—  
Prof. John J. Goetz and Miss Lillian  
Sara Howard were married here yes-  
terday, and left for a honeymoon trip  
to Italy. The bride is the daughter  
of C. H. Howard, president of the  
Board of Trade, and is a recent gradu-  
ate of the local High School. The  
groom is a teacher in the Long Beach  
public schools. He formerly taught  
here.

## THE NUMEROUS BIDS FOR THE CONTRACT

to build the High School will be op-  
ened the 16th inst.

## FRANK G. CARPENTER'S LETTER IN THE

Times Magazine for the coming Sunday tells  
about the Kaiser's best colony, German East  
Africa, and quotes the governor-general's  
opinion of it.

## THE REASON I HAVE PLACED MYSELF AT THE ABOVE FIGURE IS THAT I WANT EVERY WEAK

or debilitated man to avail himself of my treatment, no matter whether he be  
a millionaire or a poor man. My business practice alone enables me to do this.  
In the practice of my profession I have ever been my chief aim to offer my skill  
to the greatest number of sufferers as possible. My first care is to alleviate suffer-  
ing wherever I find it, regardless of the sufferer's social or financial status.

## I GUARANTEE A CURE

What I offer to do for the above named fee as either a physician or specialist could  
do for you for any amount, no matter how great. The result, I can, the  
only medical practitioner who GUARANTEES a cure for all the ailments of men.  
I can make such a guarantee because I know that my methods never fail to  
cure every case I accept for treatment. If, after diagnosing a case, I have any  
doubt as to whether I can cure it, I positively refuse to treat it. In point of  
fact, however, 99 per cent. of those cases that come to me are curable and I cure  
them by my treatment.

## I CURE MANY SO-CALLED INCURABLE CASES

No matter if you have been pronounced incurable by others, don't hesitate to  
consult me. I have cured hundreds of men who were told they  
were incurable. But bear in mind that my methods will cure cases that are pre-  
sented by any other treatment. My methods are original with me, and  
are known to no other physician.

## "Weakness"

"Weakness" is merely a symptom of local disorder, usually an inflamed condition  
of the prostate gland. This I overcome by a thoroughly scientific system of local  
treatment, and the full and normal degree of strength and vigor is permanently  
restored.

## Varicocele

Is indicated by knots and enlargements and soft, flabby parts, resulting from  
partial paralysis of the delicate nerve fibers that have a part in venous blood  
circulation of the blood. The blood vessels expand from the pressure within, the  
circulation becomes sluggish and frequent stagnation of blood in the veins  
causes the enlargement. The blood vessels expand from the pressure within, the

## Consultation Free

No matter what your ailment is, come and have a private talk with me. Even  
if you are not prepared to undergo treatment at this time, I can always give help-  
ful suggestions to men who are distressed or weak. If you cannot come to my  
office, write.

## FRANK G. CARPENTER'S LETTER IN THE

Times Magazine for the coming Sunday tells  
about the Kaiser's best colony, German East  
Africa, and quotes the governor-general's  
opinion of it.TWO GREAT CAMPAIGNS ON  
The Times Big Premium OfferUnder arrangements just completed, THE TIMES is enabled to submit to its readers a premium proposition  
of more than usual value, particularly so on account of the coming great political battle. EVERYBODY should  
have an opportunity to secure these valuable and instructive books and magazines. Here is the attractive list:

Current Literature, 1 Year's Subscription, Value	\$3.00
Roosevelt Policy, 2 Volumes, Bound in Buckskin and Khaki, Value	\$3.00
Sunset Magazine, 1 Year's Subscription, Value	\$1.50
Total Subscription Value	\$7.50

THE TIMES is able to furnish this great combination for one-third of the regular subscription price. See con-  
tract below.

## Current Literature Magazine

This great magazine covers regularly every month topics  
of interest all over the world and of such variety as to  
interest all. Its contributors are among the foremost.  
The regular subscription price is 25 cents per month.

## Roosevelt Policy

In two volumes, bound in buckskin and khaki, value \$3.00.  
These volumes contain the President's speeches, messages,  
and other State papers—in fact, all that the President has  
had to say on corporate wealth, the relations of capital and  
labor, tariff and currency, interstate commerce regulations,  
and all the vital subjects of the day. The introduction is  
written by Andrew Carnegie, and is both instructive and  
illuminating. In view of the fact that the coming political  
campaign will largely involve discussions of the President's  
policy, these books are exceptionally and unusually interest-  
ing.

## Sunset Magazine

This great magazine—the only one of importance published  
on the Pacific Coast—is a regular monthly magazine, 15  
cents a copy, and beautifully illustrated. It deals with sub-  
jects of peculiar interest to Pacific Coast life, and, in ad-  
dition to its graphic descriptive articles, it contains fiction of  
a high order. The great story, "Lin McLean," by Owen  
Wister, author of the famous "Virginian," appears in this  
magazine in monthly installments. The contributors gen-  
erally are among the first writers of the Pacific Slope.THE unusually liberal terms on which these excellent  
magazines and books may be obtained in connection  
with Times subscriptions are set forth in the following  
contract, which may be signed and sent to The Times, or  
the necessary arrangements may be made in person at The  
Times Building, First and Broadway, Los Angeles, or with  
any regular Times agent:

## ASPIRATIONS MANY, CONTESTANTS AFIRE.

Annual Scholarship Race Warming up—Interesting Young People Enrolled—They Have Earnest Purposes and Are Worthy of Aid.

ENTHUSIASM in the scholarship contest is increasing hourly. Old and new contestants are making things hum at headquarters, and it is hard to tell who are the most vitally interested in the outcome of the prospective race. Many of last year's winners who cannot enter this year have chosen some particular contestant as the recipient of their favors.

Not the least of these favors is the advice which is the outcome of one scholarship experience. "I can hardly keep out of the contest," declared Juanita Carter, one of last year's favorites, who called to see how things were going yesterday, and who lived up to two final candidates so that they were fired with ambition on the spot.

"You won so many good friends," she assured a brand new arrival, "and nearly every one is kind and pleasant. Oh, a few people may be rude, but you know, I always found that the best people are the ones most interested in the education of others, and if they were not interested I just thought I did not want them to help me, anyway."

Juanita has had a splendid year at the Dobinson School of Expression. Another recruit of last year, Panny Wolff, has made a fine record at the same school. Panny is also ready to help some other girl, for the scholarship spirit is the strong to be overcome. Laura Lloyd reported yesterday and told the manager how much she has gained by her year at the De Chauvenet School of Music. She is another one who is ready to back new contestants.

A BUSINESS MAN. A capable man of business, Archie

## NO MORE BRITISH LIFE.

(Continued From First Page.)

There by a Boer. Friends simply refused to allow him to work.

In the height of Fruin's glory he met Miss Brown. She is an attractive girl. Charles Henry Brown, her father, was so much impressed that he invited Stanley and his brother to share the Brown home in the Ponce de Leon apartments.

To make room for the two Englishmen, Miss Brown was obliged to sleep on a lounge. The Fruiins stayed at the Brown home about four months.

Every day of Fruin's life had been a complete story. What a chance for fame through telling them to the world!

While she was writing Stanley washed the dishes and Harold made the beds.

Finally Brown became peevish; expenses were running up. The Englishmen stayed on and on. Then came the day when the Fruiins were out late one night. Brown hauled their trunks into the office and left a short note telling Stanley and Harold to get out.

At midnight, according to Stanley Fruin, he demanded admittance to the Brown apartment. Brown, he said, had invited him there and he was not to be turned away.

The next scene was in the Justice Court. Brown sued the young men for their board and lodging. A handsome shawl, worth \$300, would more than repay the cost, Brown said, in their entertainment. Judgment was obtained by Brown, but the case will be appealed today. Stanley wants to sue the shawl, which is in a local bank.

So hateful did the Englishman appear in the eyes of Brown, that his daughter could not help turning against them. She became almost as bitter as her father. She declares her father was right. There is no one American girl who is wise enough not to be caught by an English girl. "I want everybody to know that the nobility has no attraction for me. When I marry I hope to be able to choose a man of my own country. When I know will be worthy."

Stanley Fruin summed it all up in the statement that "Brown wants the shawl."

He says from the moment he went to live with Miss Brown's father, the shawl was the most interesting topic of conversation.

"No more free entertainment for me," said Fruin last night, "whenever anybody offers me the shawl I will take it. I will first ask for a written statement that they will not sue me after I have stayed there for a few weeks."

Brown has hounded me. He followed me everywhere. He was even mean enough to make my brother sue me. He was even mean enough to make my brother sue me. He was even mean enough to make my brother sue me.

"I have nothing to say against her. My fight is with her father."

## REPUBLICAN CONVENTION.

## NIGHT IS CERTAIN.

The Allies Will Not Surrender.

Are Planning to Make Desperate Struggle in the Convention.

Predict Hardest Fought Battle in the Annals of the Party.

All Contests Passed Upon Yesterday Decided in Favor of Taft.

(BY DIRECT WIRE TO THE TIMES.)

CHICAGO, June 11.—[Exclusive Dispatch.] The allies refuse to acknowledge themselves whipped. Although Taft has more than 400 delegates clinched, the allies headed by Senator W. O. Bradley of Kentucky today completed an organization to carry the fight into the national convention.

They declare their revolt against the political tactics employed to secure the nomination for the Secretary of War will be the signal for the hardest fought battle in the history of Republican conventions. Before the national convention itself the allies will make these demands:

Reversal by the Credentials Committee of the National Committee's decision in the southern contests.

Recognition of the party constitution, to eliminate the "rotten boroughs" of the Southern States, by giving States one national delegate for every 100,000 Republican votes, besides delegates at-large.

Detailed arrangements for the fight are being made by Congressman W. R. McKinley, representing Mr. Cannon; Congressman James F. Burke and Senator Hemenway, representing Mr. Aldrich; B. Humphrey, representing Mr. Hughes, and Senator Dick, for Mr. Foraker.

Senator Bradley, of Kentucky, is expected to lead the fight of the allies against the Credentials Committee. It is as likely as not that the fight for restriction of the southern representation as he is from a Southern State, but he will not oppose it.

The allies are united in advocating restriction of southern representation in the national convention," said John C. Everman, chief lieutenant to Mr. McKinley in the Cannon headquarters. "Senator Dick, for Mr. Foraker, favors it as strongly as do the Knox forces. A fight to stop injudicious in the future to Republican States by the delegates that represent no votes will be made. Secretary Taft is on record as favoring it. Mr. McKinley will give a statement on this subject, speaking for all the allies."

Manager Frank H. Hitchcock continued to drive the steam roller over the contesting delegates today regardless of the danger of angering from the camp of the allies.

The Taft managers declared with added confidence that Taft will have seven hundred votes. There are those who believe that the aspirants for the nomination in the camp of the allies will withdraw before the actual voting commences. This, however, they say, is only a bluff, and the field will stay in the race until the end.

The work today settled contests in two delegations at large and twenty of these districts, a total of fifty delegates. Of these Taft has secured the majority and may possibly have them all.

The uncertain delegate battle from the Eighth Tennessee District, and it is positively known how he will vote. He belongs to the most part commit to the majority of the majority of whom were instructed for Taft.

The work of the committee today excited much less interest than that of previous sessions. The visitors were numerous on former occasions, and the most part commit today and as a rule only each people visited the Coliseum, where the committee is in session, as had business to transact.

The South Carolina contests were the first called, they being from the First and Fifth districts. Both were given to Taft after short hearings.

The hearing of the contests from Tennessee occupied by far the greater part of the day, each side being allowed two hours for presentation of evidence and arguments. The fight here grew out of a factional struggle over issues in Tennessee, all of which were instructed for Taft and the majority of the National Committee who were dubbed the Oliver delegates, being also for the Secretary of War.

The result was five Taft men were seated in all, but the Eighth District, where the delegation was divided at the earnest request of National Committee member Brownlow, who asked that it be done in order to give the Republicans of that district an improved chance of defeating the present Democratic Congressman. The splitting of the delegation, however, is not likely to make any difference to Taft, inasmuch as none of the Oliver delegates were instructed for anybody else, and the greater number of them had been directed to vote for him.

The hearing of these cases produced day. Jesse M. Littleton, counsel for the Oliver delegates, displayed a huge batch with which he said the lives

Raymond Tells What Substance of Platform Will Be—General Principles Stated in Straightforward and Unequivocal Terms.

BY RAYMOND.

(BY DIRECT WIRE TO THE TIMES.)

CHICAGO, June 11.—[Exclusive Dispatch.] Now that practically all the contested cases are out of the way and the nomination of Taft on the first ballot is assured, the administration forces have set themselves seriously to work on the platform. Atty-Gen. Wade Ellis of Ohio has arrived here with a tentative draft in his possession. This draft is simply the working out of the outline which Senator Hopkins brought here some days ago and submitted to a conference of the "allies" on Tuesday.

Atty-Gen. Ellis is the man who "drew" the Ohio platform, and he has "drawn" similarly the tentative declaration to be submitted to the Resolutions Committee when it is appointed next Tuesday. It should be understood, in the first place, that Mr. Ellis is not originally responsible for the ideas in either platform. He has, however, a peculiar and valuable knack for putting things into terse, unmistakable English, and his services were early enlisted by Secretary Taft for this purpose.

The method of drawing a platform has been, therefore, for Mr. Ellis to talk things over with President Roosevelt and Secretary Taft and others in the chief of the platform of the party. They have agreed on certain general principles of which Atty-Gen. Ellis has taken note. He then turned into seclusion and put those notes in the form of definite declarations of policy. These declarations were then submitted to the President and to Secretary Taft, and after discussion were altered in a number of particulars.

It speaks well for the literary and political ability of Atty-Gen. Ellis that his phraseology has been but slightly changed in any particular, and he has faithfully recorded the views of the administration section of the party. The hand has been the hand of Evans, but the voice is the voice of Jacob, beyond all question.

## TO THE POINT.

In the first place it may be stated unequivocally that the tentative platform is straightforward and to the point. Many of the principles are stated in general terms as is absolutely necessary and wholly wise, but there is no equivocation, no subtlety to catch votes, no dodging. Any one who reads this platform will be able to know exactly what it means, and no voter will be expected to read into it anything which is not there. This means that it is an endorsement of the whole policy of the administration of President Roosevelt from beginning to end, and without making any concession regarding that policy. At the same time the platform is conciliatory and conservative. With one or two exceptions it will not be considered radical, even by those in the party who are opposed to it. Many people may expect precise details as to the future policy of the party, but the framers of the platform have had constantly in mind the mistake of the people who drew the Constitution of Oklahoma recently.

## MAXIM'S.

## NOISELESS FIREARM IS DEMONSTRATED.

(BY DIRECT WIRE TO THE TIMES.)

NEW YORK, June 11.—[Exclusive Dispatch.] The first public demonstration of a noiseless firearm ever given was made before the Board of Managers of the Society for the Prevention of Cruelty to Animals this afternoon by Hiram Percy Maxim, the inventor of the weapon.

Mr. Maxim leveled an ordinary 22-caliber Winchester rifle, remodeled according to his invention device, and loaded with ordinary ammunition, at two city directories placed on in front of the other, clicked the trigger and drove a flat-nosed bullet six inches through the solid paper without noise enough to be heard in the next room.

Mr. Maxim explained tonight that the demonstration he gave the board of managers of the S.P.C.A. was purely for the purpose of showing that had been made by the society that he furnish the organization with a more humane weapon for use in abating and by meat-packing establishments.

The gun which was used today in the demonstration of the Society for the Prevention of Cruelty to Animals board differs materially from that which the inventor has perfected for the tests before the army board.

Horse Racing Killed in New York.

"Sport of Kings" May Continue Only in California and Kentucky.

Gov. Hughes Wins Remarkable Battle Against the Gambling Evil.

Dramatic Scene as Sick Senator Casts His Deciding Vote.

(BY DIRECT WIRE TO THE TIMES.)

ALBANY (N. Y.), June 11.—[Exclusive Dispatch.] Betting on horse races has been wiped out in New York. When Senator Foelker of Brooklyn staggered to his feet and cast the decisive vote in a contest where the race-track interests had expected an easy victory, the death knell of the racing game was sounded in the State. The vote was 24 to 23.

Gov. Hughes stated the Hart-Agnew bill in the afternoon, soon after their passage, making them effective at once. The result is a complete victory for his anti-gambling campaign.

With New York added to the list of States where Legislatures have killed racing, only a few tracks of minor importance are left and racing men predict that these will soon be on the list along with the racing associations in Illinois, Missouri, Tennessee, Louisiana, Colorado, Michigan, New Hampshire and the District of Columbia.

The field now apparently is limited to the California tracks, Seattle, Portland, the Canadian tracks at Hamilton, Toronto, Windsor, Fort Erie, and Montreal, Latonia, Lexington and Louisville, are threatened also. Some of the owners of the famous old tracks have been abolished. The field now apparently is limited to the California tracks, Seattle, Portland, the Canadian tracks at Hamilton, Toronto, Windsor, Fort Erie, and Montreal, Latonia, Lexington and Louisville, are threatened also.

Senator Foelker, recently operated on for appendicitis, attended the session at the risk of his life to cast the final vote. His physician, who strongly protested against the dangers of the trip, accompanied him and led him to an anteroom after the vote, where the Senator completely collapsed.

Henceforth, the Constitution of the Empire State will rule on the inside of race-track fences the same as on the outside.

Gambling of all kinds is prohibited by the Constitution, but the Percy-Gray law, which has shielded pool selling on race tracks for thirteen years, was an ingenious scheme to evade the will of the bill. That law provided that the maker of a gambling bet inside a race track fence might sue to recover. For gambling outside the fence the penalty was a jail sentence.

Under the Agnew-Hart bill, which became laws today, the penalty for gambling, whether inside or outside a race track fence, is a jail sentence not exceeding a year.

These laws will end pool selling at the race track. They may kill racing in New York State after this session. Many of the 50,000 persons employed about the race tracks and stables will lose their jobs and some of the big politicians will have homes of benches on their heads. These laws will have a serious effect on property worth \$100,000,000.

Sensor Foelker was the hero of the day. The scene, as he was helped into the crowded Senate leaning on his cane and helped by his doctor, was one of the most dramatic in the history of the Legislature. Galleries and floors were crowded with men and women, even the aisles were packed and, as the bent figure of the Senator appeared, there burst forth applause which was instantly checked. For nearly two hours of a hot, exciting session Mr. Foelker sat waiting his turn.

Not in years has there been so much doubt as to the outcome of a vote in the upper house. The element of mystery was deepened by the fact that, almost at the start, Senator Raines, without objection, secured consent of the Senate to advance both the racing bills to a position where a final vote could be had and the additional consent that there should be a vote at noon.

A DRAMATIC MOMENT.

As Senator Raines rose to make his motion, a hush fell upon the Senate chamber. Every eye was fixed upon Senator Grady, the Democratic leader, as it was recognized that the moment had come when any intention of filibustering would have to be disclosed, but Grady sat still and the bills were advanced.

For twenty-four hours, reports had gone back and forth that the racing interests had secured an additional vote. All this time suspicion had been

Women Weep for Herman Billik.

Remarkable Mass Meeting in Chicago for Condemned Murderer.

Priest Asserts He Knows Man Accused of Poisoning Is Innocent.

Courts Refuse to Interfere and Delegation Goes to Governor.

(BY DIRECT WIRE TO THE TIMES.)

CHICAGO, June 11.—[Exclusive Dispatch.] Scenes and incidents of emotional intensity marked a crowded meeting held at the Great Northern Theater this afternoon, to plead for the life of Herman Billik, condemned to hang tomorrow for the murder of five members of the Vrsal family by poison, after the Supreme Court at Springfield had refused to consider his case.

Judge K. M. Landis, in the United States Court added to the disappointments of the day for Billik when he refused, late in the afternoon, to issue a writ of "habeas corpus."

The theater was jammed to the doors by a crowd composed largely of women, who alternately wept and cheered as they were aroused first to enthusiasm for the cause of Billik by Father P. J. O'Callaghan and E. P. Dunne and to pity for his fate by little Edna Billik and Jerry Vrsal.

An emotional climax was reached when Father O'Callaghan, pastor of St. Mary's Catholic Church, the priest who has made the fight for Billik's life, which seems about to fail, broke down as he was appealing for action which would lead to interference for Billik by Gov. Deneen, and wept like a child as he talked.

DECLARES BILLIK INNOCENT.

In a dramatic manner Father O'Callaghan led up to his climax. He asserted his belief in Billik's innocence, and reviewed his case.

"I not only think this man is innocent; I know it," said the priest as his voice broke. "If he dies tomorrow it will be nothing but legal murder. There was a roar of applause, and the priest continued:

"If Billik goes to the gallows tomorrow, his last words will be those of an oath which he has craved to take. He will swear that he never committed murder. He will swear that he was not guilty with Mrs. Vrsal, and that she is pure. Why should he take this oath when his life is about to end? He would only ruin his chances to meet his Creator, if it is innocent that he would take it."

At this point Father O'Callaghan broke down. Tears trickled down his cheeks and he was obliged to take his seat. His sobs were echoed by those of both women and men in the audience.

TALKS TO HIS MOTHER.

The Springfield news reached Billik as he, his wife and two young children were kneeling in prayer at a small altar erected in the death chamber.

"Well, mamma, I think that I will have to die," he said. "Through all these efforts to save me I can only see one thing. But cheer up, don't cry over me. I will walk to the scaffold bravely. When I am dead it will be all over. I fear nothing, as I am innocent."

Billik talked to his mother at Cleveland, O., over the telephone in the office of J. J. Davies today. His mother, who is ill in bed, held the receiver to her ear while her head rested against the pillow.

"I am innocent, mother," said Billik over and over again. "Things look dark and I do not know what I have done that this awful trouble should come upon me. I believe this: I am innocent. There is still a chance," said Billik. "I cannot give you much hope, but I shall not despair until all grounds from hope are gone."

His voice broke repeatedly and at times he was unable to speak on account of his emotions. Tears streamed down his face as he heard his mother's voice for probably the last time.

Five more mass-meetings were held in different parts of the city tonight. A call for volunteers to form a committee to go to Springfield tonight and urge the Governor to prevent the execution was answered by fourteen men and women who expect to reach there about midnight.

ILLINOIS GOVERNOR DELAYS DECISION.

(BY DIRECT WIRE TO THE TIMES.)

SPRINGFIELD (Ill.), June 11.—[Exclusive Dispatch.] A final appeal for clemency for Herman Billik was made at midnight tonight. A delegation of ten men and women from Chicago appeared before Gov. Deneen and the members of the State Board of Pardons and asked that the condemned man's sentence be commuted to life imprisonment.

Gov. Deneen announced after the hearing that the matter will be taken under advisement. If a commutation is granted, it will be sent to Chicago over the long-distance telephone, and no decision will be made tonight. Hundreds of telegrams and letters asking for clemency poured into the executive office today and tonight.

## FIGHT IS CERTAIN.

(Continued From First Page.)

of the Oliver faction had been threatened. Newell Sanders, chairman of the State Central Committee, supplied a counter-attraction to the Littleton hatchet exhibition, by telling in his argument, of the desperate fight which the Hale men were compelled to make before they were allowed in the hall, and of how a big colored man was about to chop him with an Oliver hatchet before some of the Hale men put the negro suddenly into a state of confusion. His account of the struggle in the convention hall was received by the committee with much interest.

## TWO FIGHT IS CERTAIN.

LYON WINS TEXAS CONTESTS. The hearing of the Texas cases came next, and in these the contests over the seats for the delegates-at-large, and from the third, fourth, sixth, seventh, ninth and thirteenth, fourteenth, fifteenth and sixteenth districts were consolidated and after a brief hearing the delegates from the faction headed by Cecil A. Lyon, the present national committeeman from Texas, were seated.

"The reorganized Republicans," who contested in every one of these districts, were completely defeated, not receiving a single delegate.

After this decision the committee adjourned until the next day. It is understood, although no official announcement to that effect was made, that the contests in the Second and Twelfth districts will be withdrawn and that the arguments only will concern the First, Fifth, Eighth, Tenth and Thirteenth districts.

The delegates seated today from Texas are not instructed by Committeeman Lyon, who directs affairs generally, asserting there is no doubt that their votes will be cast for Taft.

It is the earnest desire of the committee to have the contest tomorrow night, and in order to facilitate this it has been decided the remaining contests from Texas are to be consolidated, as also will be those from Virginia.

The situation around the hotels was not little more active than yesterday, no entire delegation being yet upon the ground. The most important arrival of the day was that of Wade H. Ellis, Attorney General of Ohio, who brought with him a draft of the platform. He refused to discuss its provisions, but asserted that, in his opinion it would be the best platform that any political party has sanctioned in recent years.

A number of Pennsylvania delegates arrived during the day and announced that Senator Knox was in the fight to a finish, and the bigger the fight, the brighter they believed his chances will be.

R. S. Stephenson of Ohio, who opened the Parker headquarters today, made a similar announcement in behalf of the Ohio Senator, asserting that he would not under any circumstances, withdraw before the end of the voting.

HARD FIGHT EXPECTED. It is possible that a hard fight will result in the meeting of the Resolution Committee on the evening of the 13th, planks which will be presented by representatives of the American Federation of Labor, and the National Association of Manufacturers. It has already been announced that a conference of labor leaders is to be held for the purpose of demanding that the platform contain a plank declaring against or at least greatly modifying the use of the injunction in labor disputes.

James W. Van Cleave, of St. Louis, president of the National Association of Manufacturers, today anticipated the labor conference by issuing a formal statement in which he bitterly attacked the position which the union labor men are expected to assume. He declared that anything approaching an advocacy of class legislation should be avoided by the Republican party, and asserted that the union labor leaders who have been mentioned in connection with the coming conference, and he named Samuel Gompers in particular, are members of the Democratic party and should not be recognized by the Chicago convention.

"Let them take their doctrine to Denver," he said in his statement. "They will not support the Chicago ticket, no matter who may be nominated."

FUTURE PLANS. PARTY TO RISE STILL HIGHER. REPUBLICAN ORGANIZATION TO BE IN ACCORD WITH TAFT.

Among Great Objects to Be Attained, Says "Evening Post" Writer, Will Be Bringing Into Fold of Best Citizenship of South Herebefore Affiliated With Democrats.

(BY DIRECT WIRE TO THE TIMES.) CHICAGO, June 11.—[Exclusive Dispatch.] The Evening Post tonight publishes an article written by Douglas Sutherland, in which he says, among other things:

"The Roosevelt principles of administration are to remain the principles of the Republican party for four years to come, and will be the basis on which the Presidential nomination will be made by the Republicans four years hence. The incoming National Committee will be made up in a strong majority of its membership by men who are in accord with William H. Taft, the Republican nominee-to-be, and with the principles which have marked the administration of President Roosevelt. The reactionaries and obstructionists will be in a harmless minority, and the lifting of the party to a still higher plane of service to the nation is predicted."

"The complexion of the next committee and the establishment of certainty of what the party standard is in the future has been decided by the seating of the Taft delegation by the present committee, and the overturning of the power of those who have opposed the President and derided the principles and the candidacy of Mr. Taft."

"The reorganization of the party in the South, and its establishment upon a higher level, both of civic morality and party efficiency, is one of the objects which will be attained, it is believed, in this make-up of the new national body."

"Plans already have been formulated by men who will be leaders in the new committee for an effort to bring into the party the best element of the South's citizenship, which heretofore has been affiliated with the Democrats, but which they think, should stand with the Republicans in principle, and has been in hearty accord with the administration of President Roosevelt."

"Among the noteworthy changes in the selection of Senator W. E. Borah of Idaho to succeed W. B. Heyburn, Senator Borah has been one of the most brilliant champions of the administration, being selected by the President only a few weeks ago to make reply to charges of unfairness in the Brownsville case."

"Other changes include the selection

## MANY MILLIONAIRES IN ONE DELEGATION.

(BY DIRECT WIRE TO THE TIMES.) CHICAGO, June 11.—[Exclusive Dispatch.] New York State has sent just twenty-three millionaires as delegates to the Republican National Convention.

As a delegation the men from the Empire State will carry more ready money in their pockets than any other representation from any State. There being twenty-three millionaires out of seventy-eight delegates from the State, the remaining fifty-five will not have far to go when they want to borrow money.

Politicians around the headquarters scattered through the Michigan avenue hotels professed today to see a certain coincidence between the twenty-three millionaires and the Hughes boom. They were wondering whether Gov. Hughes would have been nominated if there had been twenty-two or twenty-four millionaires on the New York delegation, and some of them were wondering why, with so many millionaires on his staff, Gov. Hughes did not have a walkover in the convention.

The fact is, not all the New York delegates are for Hughes. Millionaire Delegates Woodruff, Berri, Dady, Odell, Bradley, Liltauer and Foot are uninstructed, while Millionaire Delegates Ward and Andrus are instructed for Taft. Only fourteen millionaires are therefore for Gov. Hughes, and nine presumably for Secretary Taft.

of Maj. Barker of Alabama, Powell Clayton of Arkansas, Judge Cavender of Colorado, and Fred W. Uphan of Illinois.

The selection of Arthur L. Vorys, the Secretary campaign manager, Ohio, assures a friendly vote from Mr. Taft's State.

EVERYBODY IS SURE. KNOX AND HUGHES MEN TALK. (BY THE ASSOCIATED PRESS—A.M.) CHICAGO, June 11.—The candidacy of Senator Knox of Pennsylvania was given an impetus today on the arrival at the Knox headquarters of Gen. R. P. Haggood, Edward J. Krause and Edward S. Kinsey of Pennsylvania.

"Stick," said Gen. Haggood in reply to a question whether or not his candidate intends to withdraw. "Well, I should say we will stick, and the longer and closer we stick the better are our chances. Why should we? Who's got first place, anyhow? Nobody has got first place, and no one's right now. Don't forget that."

Gen. E. A. McAlpine of New York arrived early today, bringing with him a copy of the platform of the Hughes boom. He professed himself as confident that the New York Governor has a more excellent chance for the nomination. Gen. McAlpine said: "All talk about second place for Hughes is plain nonsense. It's Hughes with us first, last, and then some."

HAS PLATFORM DRAFT. (BY THE ASSOCIATED PRESS—A.M.) CHICAGO, June 11.—Atty.-Gen. Wade H. Ellis of Ohio arrived in Chicago today, bringing with him a rough draft of the tentative platform to be adopted by the national convention. "I cannot for obvious reasons discuss the character of the platform now," said Atty.-Gen. Ellis, "but I believe it will satisfy the people, as it covers features in popular demand at this time. Its scope is wide, and it is broad enough to satisfy popular wishes, and, in my opinion, it will prove the best platform that any political party has sanctioned in recent years."

Atty.-Gen. Ellis stated that he had consulted President Roosevelt and Secretary Taft concerning the general details of the platform, and that it had met with their endorsement.

"The document," he said, "needs rounding up, and may admit of some minor changes, but in the main I believe that it will stand as now drawn."

EXPECT BIG CROWD. EIGHTY THOUSAND ESTIMATE. (BY THE ASSOCIATED PRESS—A.M.) CHICAGO, June 11.—It is estimated by the authorities that 80,000 persons will be brought into Chicago on account of the Republican National Convention. During the last national convention held in this city, the extra business done by the railroad companies was valued at \$1,000,000. The falling off in the attendance is credited largely to the elimination of free transportation.

SUFFRAGISTS WANT A PLANK IN PLATFORM. (BY DIRECT WIRE TO THE TIMES.) WASHINGTON, June 11.—[Exclusive Dispatch.] The Female Suffrage Association of the United States today ask the Republican convention to insert this plank in the platform:

"As in the rapid development of our country in every department of industry and science, in which women have become so strong an economic factor and forming, as they do, more than one-half the graduates of our colleges and universities, and now comprising three-fourths of the teachers of the public schools of the country; and as they have become prominent factors in every branch of the Federal government, that, in our opinion, women citizens should be given the privilege of voting for Federal electors, wherever they are willing to qualify and register."

Belva A. Lockwood, one of the signers of the petition, said today: "President Roosevelt has said to our committee that the question of woman suffrage is not now before the country."

William J. Bryan says: "It is not a national issue, but as his daughter is being married, and as the delegates to the National Democratic Convention are to meet in Denver three weeks ago, it may become a Democratic issue."

THIRD TERM GHOST STALKS IN CHICAGO. (BY DIRECT WIRE TO THE TIMES.) CHICAGO, June 11.—[Exclusive Dispatch.] The third term ghost is stalking through the hotel lobbies and candidate headquarters. The men who want to see Roosevelt in the White House four years more are still hoping almost against hope that something will be done to break in the convention that

may result in a stampede to the standard of President Roosevelt. The Roosevelt boomers are persistent in telling the allies that the only hope of beating Taft is to throw the nomination to Roosevelt.

It has gone so far that the "Roosevelt Second Term League" has opened headquarters here. F. L. Hiler is at the head and has circulated a lot of Roosevelt literature.

There is claimed to be a certain gathering of Republican Congressmen who do not feel absolutely sure of re-election. These men are the kind that slide into office on the tail of some star or leader party. They have it figured out that from the present outlook if Mr. Taft slides into office at all it will not be a comet, and there may be no fall for them to cling to. These men claim to control about 200 delegates who will sit in the convention.

The Taft managers laugh at these stories. The one which tickles them the most is the one that there will be a stampede to Roosevelt. That makes them roar.

"ROOTERS" EXPECTED. WILL BOOM CANDIDATES. (BY THE ASSOCIATED PRESS—A.M.) CHICAGO, June 11.—Preparations are well under way for the reception of the real "boomers" of the various candidates for places on the tickets.

The Knox managers have announced that hundreds of strong-voiced "about-ers" will be here to create chaos for the cause of the Pennsylvania Senator and the Fairbanks managers also expect a big contingent from Indiana.

The Fairbanks "rooters" will include Governor Adlai Stevenson, who has evolved a number of original ideas calling attention to the presence of the Hughes in this city.

These managers may not be able to take an active part in the demonstration, as reports have it that a recent accident to his foot has not yet healed, and he may be forced to make his way to the convention hall on crutches.

The "Foraker, La Follette and Hughes camps are also preparing to turn out en masse, but their plans for making the walking ring here this far have been more or less secret.

In the early days of the committee work, the hall outside the committee room was jammed with delegates who commenced work today, nobody was present except those who had business connected with the contest.

The hearing could be a short thing, and the committee decided the contest by seating the Taft delegates. Before the hearing of evidence was commenced in the contest from the First South Carolina Senator, the National Committee issued a bulletin giving the number of contests set to be heard in the convention, and those in the Associated Press report of June 10.

"BOOSTERS" WORKING. FORAKER MAN ON SCENE. (BY THE ASSOCIATED PRESS—A.M.) CHICAGO, June 11.—L. A. Coolidge, Assistant Secretary of the Treasury, was given an impetus today on the arrival at the Coolidge headquarters of Gen. R. P. Haggood, Edward J. Krause and Edward S. Kinsey of Pennsylvania.

## TAFT PREPARES TO QUIT.

To Resign Cabinet Portfolio Immediately After Chicago Convention. Gen. Wright to Succeed Him.

(BY DIRECT WIRE TO THE TIMES.) WASHINGTON, June 11.—[Exclusive Dispatch.] Secretary Taft devoted all of today to clearing departmental business preparatory to leaving the Cabinet. He expects to resign immediately after the Chicago convention, the resignation to take effect at once.

Gen. Luke E. Wright will be appointed Secretary of War before July 1. One question of importance to be settled before Taft goes out is a successor to Gen. Mackenzie as chief of engineers. Gen. Mackenzie wrote a letter to Secretary Taft urging the appointment of Col. Marshall, who has charge of the Ambrose channel work, but destroyed it at the request of Col. Marshall.

Col. T. W. Symons of the engineer corps, who has been mentioned prominently for the place, talked with the President and Secretary Taft today, but said that no decision had been reached. Col. Symons was at one time military aide to the President.

NATIVE DAUGHTERS NOMINATE. Exciting Election Will Be Held by Grand Parlor Today by Convention at Lodi.

(BY THE ASSOCIATED PRESS—P.M.) LODI, June 11.—Today's session of the grand parlor of Native Daughters was devoted to the nomination of grand officers. The election will occur tomorrow. Following are the nominations:

For Grand President, Anna L. Munroe, Fernside; Grand Vice-President, Emma Wiley, Lodi; Mamie Peyton, Stockton; Grand Secretary, Laura J. Frakes, Sutter Creek; Belle Douglas, Sutter Creek; Grand Treasurer, Mrs. C. Christ, San Francisco; Elizabeth P. Douglas, San Francisco; Grand Marshal, Anna F. Lacy, San Francisco; Teresa Muldoon, Lodi; Louetta Ditt, San Francisco; Grand Reporter, Mrs. Barry, San Francisco; Elizabeth Foster, Los Angeles; Grand Officer, Louetta Ditt, San Francisco; Grand Officer, Louetta Ditt, San Francisco; Grand Officer, Louetta Ditt, San Francisco.

A grand ball was given in honor of the delegates tonight by the local parlor of Native Sons. San Mateo, Oakland, Del Monte and Ferndale are in the race for the next grand parlor.

DIES RATHER THAN KILL CZAR. Young Woman Teacher Chosen by Terrorists Committee Suicide to Escape Being an Assassin.

(BY DIRECT WIRE TO THE TIMES.) LONDON, June 11.—[Exclusive Dispatch.] The Express correspondent at Reval cables that despite the extraordinary precautions taken to protect the Emperor Nicholas at Reval, and the approachment between Great Britain, Russia and France, has been made the subject of grave representations on the part of Germany, which has met the Emperor's birth of a few "Triple Alliance" with a display of the "mailed fist."

After the announcement of the Reval meeting, Russia was given to understand at Berlin that the conclusion of a formal entente between these three powers would be regarded as a measure hostile to Germany, or, to quote the exact term used by the Information of the Associated Press, was a "Kriegsdrohung."

"Whether such a development was originally contemplated from the meetings between King Edward and the President of France and King Edward and the Emperor of Russia, is not stated, but the immediate result of the representations made in Berlin was the publication of an obviously inspired article in the official Russia, which, while speaking warmly in favor of the meeting between King Edward and Emperor Nicholas, declared that the suggestion of a new grouping of the powers at the present time was impossible. Furthermore, Foreign Secretary Grey announced in the British House of Commons that no further extension of the Anglo-Russian convention was contemplated.

King Edward's Reval Toast Causes Surprise.

Possible Keynote of Change in European Politics.

Affair Results in Representation by Germany.

(BY DIRECT WIRE TO THE TIMES.) LONDON, June 11.—[Exclusive Dispatch.] King Edward's toast at the Anglo-Russian banquet in the harbor of Reval has awakened intense popular enthusiasm in England. His Majesty's words with reference to the Russian people have come as a complete surprise.

"Above all," said he, after toasting the Car and the imperial family, "I drink to the welfare and prosperity of the Car's great empire."

This phrase especially regarded as incomparably the most significant and dramatic thing in connection with the Reval meeting. Nobody in London expected the King to use such an expression, particularly after his refusal to convey to the Car anything bearing on the struggle between bureaucracy and democracy in Russia. The King's raising the Russian people to the first place in his toast is thought to strike the keynote of new developments in European politics.

The democracies are getting together in France, England and the three Scandinavian kingdoms with Italy powerfully attracted to them. The sure day of triumph for the Russian democracy is not yet, but the British believe that it is slowly winning, and that the future belongs to it.

GERMANY DISPLAYS "THE MAILED FIST." (BY THE ASSOCIATED PRESS—A.M.) ST. PETERSBURG, June 11.—It was learned here today from a competent source that the recent meeting between King Edward and Emperor Nicholas at Reval, and the approachment between Great Britain, Russia and France, has been made the subject of grave representations on the part of Germany, which has met the Emperor's birth of a few "Triple Alliance" with a display of the "mailed fist."

After the announcement of the Reval meeting, Russia was given to understand at Berlin that the conclusion of a formal entente between these three powers would be regarded as a measure hostile to Germany, or, to quote the exact term used by the Information of the Associated Press, was a "Kriegsdrohung."

"Whether such a development was originally contemplated from the meetings between King Edward and the President of France and King Edward and the Emperor of Russia, is not stated, but the immediate result of the representations made in Berlin was the publication of an obviously inspired article in the official Russia, which, while speaking warmly in favor of the meeting between King Edward and Emperor Nicholas, declared that the suggestion of a new grouping of the powers at the present time was impossible. Furthermore, Foreign Secretary Grey announced in the British House of Commons that no further extension of the Anglo-Russian convention was contemplated.

## CALIFORNIANS ON THEIR WAY.

Republican Delegation Departs for Chicago.

Gen. Stone Is Disappointing His Enemies.

Lincoln-Roosevelt League's Delegates Non Est.

BY HARRY CARR.

(BY DIRECT WIRE TO THE TIMES.)  
SPARKS (Nev.) June 11.—[Exclusive Dispatch.] All the chieftains and bitter tears appear to have been washed away from the faces of the delegates to the Lincoln-Roosevelt League's convention in Chicago this morning. The delegates, who are not in Mr. Herrin's private car—where Mr. Herrin's car may be.

The California delegation will not be accompanied by a movable free lunch as in previous convention years, and heretofore there always has been a special train plastered with big banners and filled with delegates and oranges. The special this year is not even strictly a special. All the berths on the Overland Limited were reserved for delegates. The rest is an ordinary train carrying drunks who discuss the Harvey eating-house at Needles, and women dangling infants.

In the baggage cars, however, are several cases of decorations for the advancement of the California headquarters in the Auditorium in Chicago. All the streamers have been made to order in San Francisco. One of the chief features of the decorations of the California suite is to be a magnificent "bear flag."

The delegation left very quietly this morning without any brass bands and undue emotion.

On the lower deck of the ferry-boat was a gray-bearded man with tired eyes, whom the other delegates seemed surprised to see. It was Gen. Stone, supposed to be in Herrin's private car, shooting the ruin of the "people." He laughed when somebody questioned it, and said:

"Our friends, the Lincoln-Roosevelts, planned quite a tour for me, didn't they?"

He said he was very tired and looked forward to the trip as a rest. In the absence of the chief delegates, Mr. De Young, Gen. Stone was the unofficial caravan leader.

Michael Herrin had an informal engagement with himself in Reno, Nev. It had become rumored that Herrin intended to have De Young arrested and taken off the train as a technical fugitive from justice, a charge of criminal libel being pending against him. As Herrin was considered quite capable of it, De Young discreetly ducked the night before across the State line. Owing to his absence, no action of any kind was taken by the delegation.

Tomorrow there will be a meeting at which a delegate-at-large will be informally selected to take the place of Jacob Neff and Charles Wheeler, the Lincoln-Roosevelt delegates and his alternate, Mr. Neff. The delegate-at-large is to be out of gear, a not surprising result of so sudden a change of political tide.

Mr. Neff's physician is said to have informed him that the trip in his present enfeebled condition would probably result fatally. His alternate, Charles Wheeler of San Francisco, left two days ago for Europe.

News of Neff's condition came too late to enable the executive committee to select a substitute before leaving. In such contingency, the law is that the delegates should choose a member to fill the vacancy.

A member of the National Committee, probably George Knight, will be chosen and a member for each of the great convention committees. Any action so taken will be ratified on arrival in Chicago.

The Lincoln-Roosevelts will not sway the choice to any great extent. There are a lonely two of them. They preserve a democratic attitude and a similar joy. One of them is Philip Bancroft, a boy who lives in San Francisco, and Frank W. Marvin, who climbed on a counterpane in Oakland. Marvin took his bearings with alarm and said ruefully:

"Gee, we're kind of scarce, aren't we?"

Well, speaking about the trip, a number of wives and daughters of the party are making the trip, and their friends came down to see them aboard. So the delegation went away to nominate a President of the United States to the tune of girl kissing spots where no complexion would wash off.

Coming into the Sacramento Valley, it turned very hot. The delegates and the hobo were sleeping in the shade of the water tank. The Governor and a crowd of politicians were waiting at the depot when the train stopped at Sacramento. Gov. Gillett looked haggard and sick.

## WANT GEN. OTIS TO BE A DELEGATE.

(BY THE ASSOCIATED PRESS—P.M.)  
SPARKS (Nev.) June 11.—[Exclusive Dispatch.] The question as to who will be elected to fill the vacancy in the California delegation to the Republican convention, caused by the illness of Jacob Neff of San Francisco, one of the delegates-at-large, has not been settled up to a late hour tonight.

It is expected the delegation will select Gen. Otis of Los Angeles to the place, but friends of the general say he would likely decline the honor. In that case the place would probably go to Alton Powers.

Under the California law, the delegation can itself fill vacancies on the delegation when a quorum of the State Executive Committee is not present. Only three members of the committee are on the train and it requires five members to act.

Judge Neff is one of the four delegates from California positively accredited to the Lincoln-Roosevelt League faction of the party. Charles Wheeler is Neff's alternate and he sailed for Europe three days ago.

The selection of Neff's successor by the delegation is possible to select a regular organization man for the place.

No meeting of the delegation has yet been held on the train and may not be held until tomorrow. This is due to the fact that M. H. de Young, chairman of the delegation, has not yet joined the party but is expected to board the train somewhere in Nevada.

At the caucuses of the delegation which will be held between San Francisco and Chicago, members of the various committees of the national committee will be selected. George A. Knight will be chosen national committeeman from California by unanimous vote of the delegation.

At a o'clock last night, Gen. Otis responded to an inquiry from the Associated Press as follows:

"Your wirephoned information as to

intended action of the California delegation to the National Republican Convention in filling the existing vacancy comes to me as a surprise. I have heard nothing direct from the delegation en route to Chicago, and am, therefore, unable to respond intelligently to the inquiry of the Associated Press. It looks at this moment as if certain pressing private affairs of mine would stand in the way of my leaving here in time to reach Chicago at the opening of the convention, and I am, therefore, constrained to decline the suggested honor should it be tendered.

"HARRISON GRAY OTIS."

## NEGRO TO SECOND TAFT'S NOMINATION.

(BY DIRECT WIRE TO THE TIMES.)  
WASHINGTON, June 11.—[Exclusive Dispatch.] The nomination of Secretary Taft at Chicago is to be seconded by a negro, if the present tentative plan of the Taft managers is not disarranged. Booker T. Washington today had a conference with Secretary Taft and informed him that this would be done unless he vetoed the proposition.

The spark is that the advisability of such action has been passed up by Charles P. Taft, Frank H. Hitchcock and A. L. Forays. If they reach the conclusion that the negro vote may be somewhat placated through a second speech by one of their number, this programme will be carried out.

## GUILD ANSWERS HAMMOND.

DECLINES TO MAKE ANY DEAL.

(BY THE ASSOCIATED PRESS—A.M.)  
BOSTON, June 11.—On his arrival from Washington, Mr. Gov. Guild made public his reply to a letter from John Hays Hammond relating to the Republican nomination for Vice-President.

Gov. Guild informed Mr. Hammond that he could not make any agreement with him regarding the nomination. Mr. Hammond wrote that he would like to see the Republican National Committee, or the delegates to the Chicago convention, desired a New England man for Vice-President.

Mr. Hammond asked the Governor if he (Guild) will support him in the event the party leaders decided the Vice-Præsidential candidate should be from some section of the country other than New England.

Mr. Hammond holds that he represents the West as well as the East.

The Governor, in his reply, said: "When the Governor of Massachusetts was kind enough to suggest my name in connection with the Vice-Præsidential nomination, I stated that I should neither run after the nomination nor away from it. My name would not go before the national convention had not the Massachusetts State Republican Convention formally put it forward as that of the Massachusetts candidate, and had not the Senate voted to take charge of the matter in the national convention."

You will readily see, therefore, that it is quite impossible for me to accept your suggestion or to make any combination whatever, even with a personal friend."

## DAVID S. HILL SAILS.

OFF ON EVE OF CONVENTION.

(BY THE ASSOCIATED PRESS—A.M.)

NEW YORK, June 11.—David S. Hill started for Europe this afternoon on the White Star steamer Baltic. It is his first trip across the Atlantic, and he has been planning it for some time.

The departure at the beginning of a national campaign leaves no doubt in the minds of those who felt that he might go back into political activity, that he has finally retired from all political activity.

The departure convention on July 7 will be the first national convention of his party in more than thirty years that he has not attended, either as a delegate or a potent leader.

He has set no time limit on himself. He will visit the principal cities of England and the continent, and will stay all summer if he likes. For the first time in many years he declined last night to see newspaper men. He sent his secretary downstairs to the reporters that he hoped to have a pleasant trip, and expected no red fire either at the pier when he started or at home when he returned.

## HEARST GAINS LITTLE.

GETS THIRTY MORE VOTES.

(BY THE ASSOCIATED PRESS—A.M.)

NEW YORK, June 11.—The recount of the Hearst-McClellan Majority contest proceeded expeditiously today. Seventy-four boxes counted up to noon revealed a gain of thirty votes for Hearst. The total gain is 218 votes. There are 144 boxes remaining to be counted. McClellan's majority on the face of the returns was 314 votes.

## SMITH BADLY BEATEN.

BIG MAJORITY FOR BROWN.

(BY THE ASSOCIATED PRESS—A.M.)

MACON (Ga.) June 11.—Returns from the 1st Georgia counties have been received by Chairman Miller of the State Democratic Executive Committee, and have been compiled.

The official majority for Joseph M. Brown for Governor over Hoke Smith is 10,857 votes.

## NEW V.P. POSSIBILITY.

NEBRASKA GOVERNOR BOOMED.

(BY DIRECT WIRE TO THE TIMES.)

WASHINGTON, June 11.—[Exclusive Dispatch.] A new possibility of a Vice-President is being discussed today. He is Gov. Sheldon of Nebraska.

Senator Burkett of that State is one of the then-back of the Sheldon nomination. It is urged that as he is from Bryan's State, he would strengthen the ticket.

## POLITICAL BRIEFS.

Unusual Event Noticed.

LEXINGTON (Ky.) June 11.—A telegram was received at the State convention today from William J. Bryan and Henry Watterson, who is visiting Mr. Bryan at Lincoln, Kentucky on being united.

## TROOPS CHASE YAGUIS.

Negotiations for Peace Are Suddenly Broken Off by Indians and Hostilities Are Resumed.

(BY THE ASSOCIATED PRESS—P.M.)

TYRON (Ariz.) June 11.—A special to the Associated Press from the 4000 Mexican soldiers, under the personal command of Gen. Lorenzo Torres, are in the country in hot pursuit of the Yaqui Indians.

All negotiations looking toward the signing of the peace treaty were suddenly broken off this afternoon. The Yaquis insisted on retaining their arms and ammunition, after having acceded to every other stipulation of the Mexican government. The Mexican official stood steadfast, and the Yaqui withdrew from the conference.

Immediately couriers were dispatched to the Mexican troops in the field to resume hostilities. It is not believed the campaign will last long, as the Mexican troops have all the water holes in the Yaqui country well rounded.

## IMPORTANT PLANKS.

(Continued From First Page.)

the only picturesque scenes of the and instead of a constitution formulated an absurd collection of what were called "planks." The suggestion of reform, while clear in every particular, avoids the mistake most noticeable.

Naturally, the platform may be divided into two sections dealing first with the things which have been done, and then with the things which are to be done. In the first division are grouped salient features of the Roosevelt administration. Each item of the President's policy is specifically commended, and the country is congratulated upon the highly successful results of his administration.

Among these things is the passage of the new currency law. The platform will claim credit exclusively for the Republican party for the passage of a law which will enable the banks to supply the country with plenty of currency when there is need for it.

In the same plank the party will pledge itself to carry on a more comprehensive reform of the whole banking and currency system in the near future. Reference will be made to the work to be done by the Currency Commission, which is to be organized by Congress, and the pledge will be made to the Republican party that, after it receives the report of the commission, it will go to work to better the financial system without specifying whether it should be through a central bank or through a system of general provision for credit currency.

Special credit will be taken to the party for the passage of the pure food law, and the fact will be pointed out that this desirable result has been reached without a single one of the evils which were predicted by the enemies of the legislation under consideration.

There will be a suggestion that railroads should be allowed to pool their resources, and that the government should retain the right to regulate rates.

Attention will also be called to the passage of the meat inspection, and the pure-food laws, both of which are in satisfactory operation, and the party will pledge itself to continue the work for the benefit of the health and prosperity of the people.

## OHIO TARIFF PLANK.

Turning to the tariff, which is the most immediate future policy of the incoming administration, the Ohio plank is adopted practically intact, but with the addition of a declaration for the maximum and minimum tariff system as the best means of meeting and overcoming possible discrimination by foreign countries.

In the platform will be found, as I have previously indicated, a declaration in favor of some sort of regulation of the issue of securities by the state railroads. This is one of the cases where there will be a wise absence of plan to be adopted by the platform, and the platform pledges the party to seek immediate legislation to protect the people, so that when they buy railroad securities they will have reasonable assurance that it represents some real value.

There is in the tentative platform a declaration in favor of the anti-injunction policy, and the platform pledges the party to seek immediate legislation to protect the people, so that when they buy railroad securities they will have reasonable assurance that it represents some real value.

A great mistake. It was so thronged with lady visitors that it was difficult to get in the room at any time during the day.

Visitors were entertained all day in the school building with a series of interesting experiments, in which the boys showed themselves to be expert.

In the foundry were shown hundreds of pieces of intricate castings in metal.

There was a picnic in the school grounds, and an attachment is not necessary to straighten the account, it seems.

The machine shop, in which the students are so busy, is just completed and in operation, and will be taken up regularly at the opening of the school.

A large athletic field for girls has just been equipped on the new ground, and is an ideal place for exercise.

SEALS DRIVE OUT HOODOO

Defeat Angels After Losing Six Straight.

One to Nothing Game Won by Pitcher Sutor.

Snappy Fielding and Double Plays Arouse Fans.

(BY DIRECT WIRE TO THE TIMES.)

SAN FRANCISCO, June 11.—[Exclusive Dispatch.] The hoodoo has fled and nobody connected with the San Francisco team is anxious to look up its whereabouts, which is to say that the Seals have had in their downward career and after losing some six straight, have turned face about to capture one from the Angels. And the winning was accomplished in good shape in one of the best games of the season, in which the Seals hit little and their opponents hit less.

Harry Sutor was directly and almost wholly responsible for the 1-to-0 victory of San Francisco over Los Angeles, that occurred this afternoon at Recreation Park.

It was Sutor's pitching that held the angels down to one hit, a two-bagger that came in the first inning, and it was his strong arm in the eighth, with Harry on first base, that swatted out the three-bagger clear to the clubhouse steps that allowed the catcher to score the one run that looked as big as a houseful of tallies usually would.

No wonder that Danny Long got up from his seat on the sheltered bench of the locals to shake hands with his hero pitcher. It had looked as if an "Angel" was destined to lose, and lose, and lose, and when a twirler of the guts of a good samaritan came and showed the boys what could be done, there was nothing but joy round the park.

Long, who pitched for the Angels, made a good record. For seven innings he held the Seals down without a hit, and only two men up to that time. He was far as second base, and he was liberal with his passes, but he could not touch him for a single, and their case looked rather bleak.

The real chance of the Seals and the way they took advantage of came in the eighth inning. It was Harry Sutor, who pitched for the Seals, who pitched out a fan to Harry Sutor, and he pitched responded. He took a grip on the ball, swung with all his might, and he pitched in the air. Oakland was out of the outfield. He couldn't get a hit, however, and Sutor was resting on his laurels. He was not a ball was returned. He was not a ball was returned. He was not a ball was returned.

Another reason that Pinnace is anxious to quit ball playing is the fact that he has a bad right wing. The muscles of his right arm are sore and torn at the ligaments, and he has been under the care of the doctor for some time. It was against the physical advice that he pitched and won several games. Pinnace may pitch a few more games before he leaves. McCredie will take Marshall south with him to fill up his pitching staff. Marshall pitched and won a game against the White Sox, and it is thought he will make good. Just now Portland is shy on pitchers, as Portland has a minimum and will be out of it for a short time. McCredie is looking everywhere for a twirler.

FRESHMEN WIN.

POMONA CLASS GAME.

CLAREMONT, June 11.—[Exclusive Dispatch.] The final game in the class baseball series was won by the freshmen over the prep team by a score of 4 to 5, in an extra-inning game yesterday. Gally and Daniels divided pitching honors. The feature was Pannoe's slide to first as Gally attempted to tag him in the sixth.

Line-up:

Freshmen: pitcher, Preps: Daniels; catcher, Barnes; first base, McDonald; second base, Kingman; third base, Pannoe; shortstop, Henrich; left field, Garner; right field, Henderson.

PUGS ARRIVE ON GROUND.

JIMMY WALSH AND GARDNER WILL BEGIN WORK TODAY.

Barger Completes His Card With Three Six-Round Prelim Bout. Report That Facer Jack O'Brien to Meet Kid Ketchel in San Francisco Causes Sports to Groan.

(BY DIRECT WIRE TO THE TIMES.)

SAN FRANCISCO, June 11.—[Exclusive Dispatch.] Two of San Francisco's pugilists, Jimmy Walsh and Jimmy Gardner, arrived from Los Angeles, and immediately went to Billy Shannon's place, where they have secured training quarters, and will do their work for their coming battles with the Kyle Whitney and Jimmy Carroll.

Walsh looks better than he has in many a day, and while the coming card cannot be looked upon as a championship attraction, it will give the first good line on Kyle Whitney.

In addition to these fights Barger also announced his three preliminary six-round contests tonight. The first will be between Willie Mack and Willie Purcell, lightweights; the second between Sailor Gordon and Jimmy Corbett, heavyweights; and the third with Dave Ernst and Joe Elliott, the fighting barber, welterweights.

The report that Coffey has the signature of Jack O'Brien, better known as "Jack the Confessor," to a set of articles, agreeing to fight Stanley Ketchel here on Admission Day, September 3, caused much disgust among local sports. Admittedly, O'Brien has put up some good fights, if his own confession is to be taken, one can never tell when he will fake again.

From his own statement, made without shame and without a plea for a chance to do better, most of his important ring battles have been "faked." San Francisco can get along without fighters of that type, and Ketchel will do himself no good by mixing with such a man and taking chances of losing his own reputation.

FIGHTERS READY.

BIG MEN GO ON TONIGHT.

Battling Johnson and Arthur Van Dozer did not work yesterday for their fight tonight at the Pacific Athletic Club, as each man says he is satisfied with his condition. As they have not been required to make any stipulated weight both are in condition, and appear to be in condition. Van Dozer is said to weigh 155 pounds, while Johnson is a few pounds over that figure. There is little or no betting on the fight, but the general opinion of the fight bugs is that Johnson will win.

Jim Cameron and Frank Holbrook, the two big negroes who will meet in a preliminary, have finished their work today.

The only question in the minds of the fans is whether a trained fighter like Van Dozer who has built himself up in gymnasium work, can hold his own with a rough, rugged fighter like Johnson. It will be a rough performance all the way, for neither man class as a boxer. Cameron and Holbrook, however, are probably the heaviest men that have been down for a fight here since Marvin Hart met Tommy Burns, for both weigh close to 200 pounds.

Another pair of fighters were yesterday added to the card that will be presented at the weekly show of the Pacific Coast, which is the club on Friday, June 15. These two are Oscar Astle of Colorado and Frank Pinto of this city and they are to weigh 125 pounds.

McFarland Starts West.

CHICAGO, June 11.—[Exclusive Dispatch.] Pauley McFarland, manager Harry Gilmore, Jr., accompanied by Pat Kinnally, left tonight for the Pacific Coast, heading for Los Angeles, where Pauley is to fight with Freddie Welsh the afternoon of July 4. The bout will probably be one of several for McFarland along the coast. McFarland will not be able to see the Gans-Nelson bout of July 4, according to the manager, as he is the winner at Milwaukee. Tom Andrews has made a bid for the go.

Conley Beats Egan.

NEW YORK, June 11.—[Exclusive Dispatch.] Young Conley of this city defeated Jimmy Egan of San Francisco in two rounds at the Longacre Athletic Club tonight. Egan was knocked down twice in the first round with two right swings to the jaw, and was again knocked down in the second round, Conley swung a hard left to the body and a right swing to the jaw that finished Egan.

CHIEF CHECKS BOSTON.

CLEVELAND, June 11.—Cleveland shut out Boston today, Czech pitching splendid ball despite errors behind him. Score: Cleveland, 2; Boston, 0.

Local Baseball Fans Must Certainly Admit that they have a real team this year, judging by the work of the Champions away from home on the present trip. This is the sixth week they have been absent, and up to this morning have been the only stumbling block, Los Angeles winning but three of nine games played in Portland. They have won seven to three from San Francisco, and eight to six with Oakland. Last week Capt. Dillon brought back over \$5000 as the result of the Los Angeles win of the gate receipts in Portland.

Ham May Return.

Manager Long of San Francisco team is to give old Ham a chance to pitch this week, and if he makes good, he may be signed. He was once a fan as a pitcher several years ago he was one of the toughest propositions Los Angeles has ever seen, and was a fine batsman. He is probably as good a pitcher right now as Van Halten was on his staff.

Hogan Should Pitch.

Van Halten of Oakland could do no better than to make his first batsman, W. Hogan, take his turn at pitching. When he was used as a pitcher several years ago he was one of the toughest propositions Los Angeles has ever seen, and was a fine batsman. He is probably as good a pitcher right now as Van Halten was on his staff.

SPRING MEETING BOOKS.

Conley Island Jockey Club Names Over-night Races After Famous Winning Horses.

(BY THE ASSOCIATED PRESS—A.M.)

NEW YORK, June 11.—The programme books for the spring meeting of the Conley Island Jockey Club which will begin at Sheepshead Bay on June 19 have caused no little comment, as all the overnight races have been named after horses which made turf history in the past, or are now doing so.

The first race on the card will be called the Kingston, the second the Sa-vator, and the last on the meeting of the second day, the Bramante, names of the filly which won the first race ever won at Sheepshead Bay, away back in 1858.

The names of Roseben, Collis, Hermit, Bursar, Comodoro, Peter Pan, Lazar, Staminio, Synony, Hamburg, Correction, Domino, Africander, Plover and other good horses have been used to carry out the programme, which is sure to prove popular with race goers.

Results at Latonia.

CINCINNATI, June 11.—Latonia results: Seven furlongs: Male Fletcher won, Alastair second, Dorsetshire third; time 1:23.

Five furlongs: Rustle won, Hannibal second, Hazel Thorpe third; time 1:18.

Three furlongs: Anne McGee won, Mahala second, Emily Almanse third; time 1:01.

Steeplechase, about one mile and three-quarters: Bell The Cat won, Woodside second, Melvray third; time 3:24.4.

Five furlongs: Transform won, Direct second, Roseburg third; time 1:09.4.5.

One mile: Stone Street won, Merrick second, Plantland third; time 1:41.5.

Results at Gravesend.

GRAVESEND, June 11.—Racing results: Five and a half furlongs: Intervene won, Chepstow second, Home Run third; time 1:07.

Steeplechase, full course, about two and one-half miles: Alfaw won, Kara second, Satus third; time 6:47.

Five furlongs: Melisande won, Countess second, Lady Hubbard third; time 1:06.

One mile and a sixteenth: Running Water won, Moonshine second, Cresina third; time 1:47.

One mile and an eighth: The Wrestler won, Black Oak second, Lord Stanhope third; time 1:42.5.

About six furlongs: Dreamer won, Bat Anderson second, Roseben third; time 1:09.5.5.

Bad for Bookies.

A strong movement is now on foot in Denver to prevent gambling on the horse races which will begin tomorrow, but the manager of the track declares this cannot be done. With the game prize, he killed in New York, and good chances for its death in New Orleans, the bookmakers will doubtless be put out of business in the principal racing centers of the country.

EXHIBITION AND RECEPTION.

Members of College of Fine Arts Graduating Class Show Their Work to Hundreds.

The sixth annual art exhibition and art students' reception was held by the members of the graduating class of the College of Fine Arts of the University of Southern California at Gervena yesterday afternoon and evening. President Howard and Rev. E. A. Healy, representing the trustees, assisted Dean W. L. Judson and the seniors in receiving the guests, more than 400 friends and art students viewing the display. The art rooms were all tastefully decorated, sweet peas and marguerites being used effectively in the floral scheme. On the north veranda, a coterie of dainty maidens, undergraduates, served punch to the guests.

The art exhibition was unusually complete, and compares favorably with similar productions of the Middle West institutions. The main gallery was given over to water-color productions, while the class rooms contained a large number of black-and-white sketches, a number of fine examples of the sculptor's art being also on display. The exhibition will be open for inspection by visitors the remainder of the week.

The regular graduating exercises and granting of diplomas will be held in connection with the formal university commencement, to be held in the Auditorium next Thursday.

The annual commencement concert given by the graduating members of the College of Music will be held in the University Methodist Church this evening at 8 o'clock. A varied programme will be offered by the following seniors: Frances J. Malloy, Lella Ellis, Hannah Asher, Clara Jacobs, Stella Atkins, Brown, plans, and Faye Luetia Buck, organ and piano. The formal graduating exercises will be a part of the regular university commencement to be held in the Auditorium next Thursday morning.

Square Deal for Dogs.

LOS ANGELES, June 11.—[To the Editor of the Times:] Am glad to see there is a possibility of change in the "dog department." Now is the time for every dog owner, every dog lover, and every one who loves justice and mercy, to line up and demand that the dog has a square deal, from now on. Yes, and every taxpayer, should take an interest in the matter. No one in their right mind believes the poundmaster can rightfully capture from three to five hundred dogs each month in the year. From 1880 to 1890 there were men, who either have no owner, or none who care enough for them to secure a license, which is brutalizing for the present one, which is brutalizing for the "dog catcher," cruelty for the dog, many of them being seriously injured. The writers do not will carry the university of the cruel net always, although he escaped capture, was a licensed dog, and the dog catcher was an informer, the present one, which is brutalizing for the "dog catcher," cruelty for the dog, many of them being seriously injured. ## THE CITY IN BRIEF

"The play's the thing!"

## NEWS AND BUSINESS.

## Marlborough Class Day.

The class day exercises of the Marlborough Preparatory School for Girls, will be held this afternoon at 4 o'clock. There will be songs and instrumental music, presentation of pins to the upper class and awarding of honors.

## Aunt's Funeral.

The funeral of George W. Arndt, who committed suicide, was held yesterday morning at Sutch's undertaking parlors. Rabbi Isaac Hecht officiated at the funeral, which was attended by officers and members of the Chamber of Mines.

## Good Roads Meeting.

The cities of the sixth class in Los Angeles county, which include Alhambra, Glendora, Azusa and Whittier, have appointed delegates to attend a meeting at the Los Angeles Chamber of Commerce on June 26 to discuss the proposed bond issue of \$2,000,000 for good roads.

## Birth of Flag.

The anniversary of the birth of the American flag will be celebrated by the Ladies of the Grand Army of the Republic, by the raising of a flag at their cottage home in Sawdust Valley, next Sunday. Members of the circles of this city and surrounding towns will take part in the ceremony.

## For Baraca City Union.

The Baraca Boys of the city will give an entertainment this evening at 8 o'clock in the Robinson Auditorium at Elvert and Hope streets, for the benefit of the Baraca City Union. The affair promises many unique and delightful features. A star performer will be the soprano, Vernon Bettin.

## Aged Veteran's Funeral.

The funeral of Capt. C. C. Gettle, who died Wednesday night of apoplexy at the age of 88 years, will be held at the funeral parlors of the O'Connell-Mills Company at 2 o'clock this afternoon. The deceased was a veteran of the Franco-Prussian War, and a native of Germany. His relative, an internment will be in the Odd Fellows Cemetery.

## Fictitious Checks?

I. V. De Ford of Pasadena was arrested by detectives yesterday on the charge of issuing fictitious checks. He is accused of giving a check for \$15 on January 8, drawn on the Crown City Bank of Pasadena, and also issuing a check on June 4 for \$15 drawn on the same bank. The checks were returned marked "no funds." De Ford claims that he had an account with the bank and was ignorant of the fact that he had overdrawn.

## Dickinson Degree for Dixon.

Prof. James M. Dixon, M.A., F.R.S.E., head of the department of philology and English literature at the University of Southern California, yesterday received the degree of L.H.D. (Literary and Historical Doctor) from Dickinson College of Carlisle, Pa. That institution is one of the oldest Methodist colleges in America, and celebrated the one hundred and twenty-fifth anniversary of its founding Wednesday. Dr. Dixon's latest degree is one rarely conferred, and is considered a high tribute to the scholarly attainments of the U.S.C. professor.

## For the Flag.

Charles G. Burton, commander-in-chief of the Grand Army of the Republic, has ordered that tomorrow, June 12, be generally observed as "Flag Day." The commander's order on this point reads: "By the rules and regulations all members of the G.A.R. are directed to observe June 12 as Flag Day. In 1907, June 12 occurred on Sunday. While I cannot conceive that the display of the Stars and Stripes could in any way be regarded as a desecration of the Sabbath, still, out of deference for the opinion of those who may not think likewise, I request that the comrades observe Saturday, June 12."

## Benefit Performance.

A benefit performance for St. John's Episcopal Church will be given in the Gamut Club Auditorium on Tuesday evening, June 16, under the direction of Leslie F. Penocchio, formerly of Sir Henry Irving's Company. "Our Boys," a comedy in three acts, will be given by Capt. and Mrs. Penocchio, Mr. and Mrs. Herbert Norman, Hunter McConnell, Onslow Newlin, Ralph Sullivan, Miss Floss Goldsmith and Miss Anna Heffer. This will be preceded by "The Hyacinths," a two-act comedy, given by Mrs. Leland Bagley, formerly Gertrude Keller of the James Neil Company, Capt. Penocchio and Miss Mary M. McConnell.

## Needham Urges Action.

Congressman J. C. Needham of the Sixth District has addressed a letter to the Chamber of Commerce in which he urges immediate action toward appointing a committee to consider tariff revision on California fruits, which will be considered in the general tariff revision at the extra session of Congress next March. The chamber was instrumental in forming the Citrus Tariff Committee that probably influenced the Congress of 1897 in putting a tariff of 1 cent per pound on citrus fruits. Now, however, the Southern California Citrus League is in existence and it will probably take up the matter, assisted by the Chamber of Commerce.

## Osteopathy Graduates.

The commencement exercises of the Los Angeles College of Osteopathy were held last night in the Woman's Club House, thirteen graduates receiving their diplomas in the presence of a large company of friends. The invocation was made by Dr. E. A. Healy; addresses were delivered by Dr. George A. Gates, president of Pomona College, and Dr. B. W. Bowles, and the diplomas were presented by Dr. H. W. Forbes. Those to receive parchments were Clyde L. Bonham, William Edmond, Elmer R. Clark, J. B. Jackson, Arthur F. B. Davis, Edward H. Jones, Warren L. Nichols, Matthew R. McBurney, Arthur L. Sherwood, Chester W. Parlin, Thomas J. O. Volmer, Hermann Herbert C. Wallace and A. Morgan King.

## Workman's Bad Fall.

Edward Carson, a cement worker, who lives at No. 445 E. 1st street, fell from the third story of the Federal

building, about 5 o'clock yesterday afternoon and was painfully injured. He was taken to the Emergency Hospital. His shoulder was broken and his body bruised. It is believed that he will recover. Carson tripped on a board.

## Wife Leaves With Child.

Frank Belasco of No. 1809 Alhambra street sought assistance from the police yesterday to aid in the search for his wife, who left home yesterday morning and carried Virginia, their 7-year-old daughter, with her. He fears that she intends to leave the State. When Belasco went home from work last night he found that she had packed her things and gone. According to his story he and his wife have not had trouble.

## Safety-Appliance Fight.

The time of Judge Wellborn of the United States Court was taken up yesterday afternoon by the argument of United States Dist. Atty. Lawler on the legal points concerning the question as to whether or not the Pacific Coast Railway was liable for the death of a child. It was the belief of Los Angeles county accepted interstate business. The government is prosecuting on the ground that the company's cars were not equipped with the required safety appliances. The defense will argue the points this morning.

## Unique Bonds.

A full measure of pleasure is guaranteed by the Chamber of Commerce as the return on a popular issue of \$5 bonds which Secretary Virginia and his clerical force are issuing for sale at once, to be redeemed on July 4 at the "Harbor Day" celebration at San Pedro. The bonds are of the usual bank pattern, printed in colors, with coupons attached. The first coupon is for transportation on a special electric car from Los Angeles to San Pedro; the second provides a place on the steamer Hermosa for the best night of the start of the Pacific coast yacht race from San Pedro to Honolulu, and the third will be good for a ride on any electric car from San Pedro to Los Angeles. It was the belief yesterday that the issue will be oversubscribed long before the end of the month.

## EFFORT

In order to make anything a success a certain amount of effort has to be expended. You will find some merchants' efforts are mostly directed toward separating money from their customers. Our aim is trying to make the best suits that money and skill can produce. # THE PUBLIC SERVICE

## SUMMARY OF THE DAY.

Six saloon-keepers will surrender their restaurant licenses on July 1; the other forty-two operating restaurants will retain them by providing entrances and exits outside the barroom.

Mayor Harper and three members of the Police Commission made a tour of inspection yesterday of forty saloons which maintain restaurants and use them to sell liquor on Sunday.

The Board of Public Works has agreed to pay a bonus of 40 cents per foot for "extra work" on the Elizabeth Lake tunnel. This is done to hasten the construction work and to offer an extra incentive for the miners to remain in the employ of the city.

George Church's pull proved to be more effective last night than the police, and the Police Commission gave him his license back.

Judge Houser heard evidence yesterday in M. Osa's suit against K. Hamanaka to recover \$300 alleged to be due for illegal conversion of a Japanese restaurant.

Justice Pierce yesterday dismissed Mrs. Nat Anderson's suit against "Habeas Corpus" Ladd for \$66 alleged due.

Woo Chew, accused of assault on Chung Sen July 4, 1935, was found guilty yesterday with a deadly weapon by a jury.

Judge River heard evidence from Mrs. A. L. Hillman on a citation issued on motion of her daughter, Miss Theresa A. Wira, in a dispute over some words of personal property.

President directors of the Jonathan Club were arraigned in Police Court yesterday on the charge of selling liquor without a license.

## AT THE CITY HALL.

**SIX TO GIVE UP LICENSES.**

**FORTY SALOON-KEEPERS WILL RETAIN RESTAURANTS.**

Police Board Makes Tour of Inspection and Explains Its Rules for Sunday Closing—Spirit of Rule Much Less Draconic Than the Letter Appears—No More Short Drinks.

Forty-eight saloon keepers passed a restaurant afternoon yesterday while their restaurants were under inspection by the Police Commission. The inspection was announced last Tuesday; it was held for the purpose of stating the saloon-keepers, know just what they will be expected to do if they are to retain their restaurant liquor licenses.

It now appears that the proposed license of restaurants from saloons may even go to be a legal matter; the rule is to apply only to the saloon; a restaurant and a saloon may not occupy the same room on Sunday.

"The rule we expect to enforce," said Commissioner Woodliff and Lewis last night, "is that a bar-room must be closed tight on Sunday and no liquor may be served from the bar; also that no short drinks may be served with meals on Sunday. The saloons that expect to retain their restaurants must have them located in rooms that are no inside connection with the barroom."

Six saloon-keepers have announced that they will surrender their restaurant licenses on July 1 as they find it impossible for them to comply with the rules of the Police Commission. It is expected that at least half dozen others will surrender their restaurant liquor licenses when they find how much they must do in order to bring their restaurants within the letter of the law.

Two places visited yesterday revealed notices that they must close or their licenses will be revoked by the Police Commission. Early yesterday morning the saloon-keepers were at work preparing their restaurants for dress parties. Some of the little fellows were exceedingly nervous over the prospect of the official visit; the larger ones already stated that the commission was not going to be any more severe with them than will be necessary to satisfy the public demand for some measure of reform.

Mayor Harper, Commissioners Woodliff, Russell and Lewis and Secretary Clegg formed the committee for investigation. They traveled in an automobile and made only five-minute stops. Eight places where complaints have been received were reserved for a more extended inspection which will take place this afternoon. It is announced that all the saloons can comply with the new rule by making only minor changes and these licenses will not be dangerous. There is a number of middle-class places, however, where it will be necessary to turn an additional room in order to comply with the new rule. But the saloon men themselves are relieved lightly and find that no real divorce contemplated.

**BONUS FOR TUNNEL MEN.**

Acting on a recommendation from the aqueduct commission, the Board of Public Works adopted a resolution yesterday providing for the payment of a bonus to the crews working on the tunnels for completing more than a "average day's work" in twenty-four hours.

The engineering department of the aqueduct has established what it terms an average day's work in the tunnel; it is six feet in twenty-four hours where timbering is necessary, and eight feet in twenty-four hours without timbering. The resolution adopted yesterday includes in the bonus department shift bosses, miners, muckers and motormen.

The bonus scale provides that each man on a crew shall receive 40 cents for each foot accomplished in excess of the average day's work. After paying this bonus the city will still have several dollars on each foot for the excess of the work of the average crew.

In recommending this bonus plan, Chief Engineer Mulholland said that has been tried there and has always worked admirably. The wages paid for work by the tunnel by the city is less than that paid in the mines, and it is necessary to hold with some prospect of extra compensation to keep the crews together.

**GETS LICENSE BACK.**

The Police Commission related last night and gave George Church his license back. Two weeks on the commission took the license away because the police reported that the license holder was a person who was frequently in the line of the law.

The license holder was a person who was frequently in the line of the law. The license holder was a person who was frequently in the line of the law.

## CONSOLIDATION CLUB QUICKLY DEVELOPED.

**MAYOR HARPER'S "greater Los Angeles" committee developed quickly last night into a consolidation club.** San Pedro sent a delegation of men who practically captured the meeting. In the beginning the Mayor explained the diversified interests which the greater Los Angeles committee expects to consider.

But this was all forgotten when John T. Gaffey and P. S. Whitman of San Pedro began telling about the battle for the possession of the water front. Mr. Gaffey said that more than 90 per cent of the electors of San Pedro are in favor of consolidation with Los Angeles, provided it can be brought through a thorough plan similar to that which connects Brooklyn with New York City proper.

"We are willing to turn the management of the harbor and the water front over to the consolidated city," said Mr. Gaffey, "we realize that the harbor is too big a proposition for San Pedro to handle alone. If we are permitted to govern ourselves on the harbor plan we will be satisfied."

Later other members of the San Pedro delegation said that San Pedro is willing that Los Angeles shall control and regulate the harbor affairs so long as they are permitted to regulate and control the boom. In other words they are willing to consider a consolidation plan, provided it isn't on a prohibition basis. Still other members of the committee said that a tail-end of the prohibition cyclone hit San Pedro and that it isn't impossible that there might be an agreement on the prohibition plan, too.

Engineer Whitman of San Pedro said that his city has been misrepresented and mislabeled repeatedly by the press of the country in stating that it has surrendered the great San Pedro harbor to the railroad companies. Mr. Whitman said that San Pedro city has given practically nothing to the railroads, that the frontage they have received came from Los Angeles county. He said that the Mayor's concession is one of acreage only and that the city retains the water front.

He admitted that he is serving a probation sentence for permitting liquor to frequent his place; but he says all this occurred while he was thousands of miles away. Church developed an unusually strong pull, and the police department was very docile. No attempt was made to arrest him. The Mayor's concession is one of acreage only and that the city retains the water front.

**SAY PARK IS ORDERLY.**

**SPIRITUALISTS DENT CHARGES.**

The directors of the Semi-Tropic Spiritualist Association have come back to the representatives of the Anti-Fakers' Association with a denial of the charges made before the Board of Supervisors on Monday. The explanation given was that the meeting place at Semi-Tropic Park has been the scene of disorder, and charge the anti-fakers with willful misrepresentation.

The directors deny that they are renting their park and auditorium out for dances and such entertainments, and insist that every social affair which has taken place there has been under their supervision. They also insist that the Anti-Fakers' Association has been present on every occasion, and that perfect order has characterized the gatherings.

The Anti-Fakers League and the state spiritualists' Association are contesting the efforts of the Semi-Tropic to secure a modification of the license ordinance, claiming that the meeting place is a place of disorder and that the gathering place of undesirable characters.

**AT THE COURTHOUSE.**

**POLITE JAPS ARE WATCHFUL.**

**TWO INTERPRETERS SUAVELY GUARD THE COURT.**

Contending Restaurant Men Tell Tales of Transaction in Which Each is Striving to Outwit Other and Gain Possession of Desired Business Place.

Two rival Japanese interpreters watched each other narrowly, and politely suggested commendations of each other's translations in Judge Houser's court yesterday, during the trial of M. Osa's suit against K. Hamanaka for \$300, alleged due for illegal conversion of the fittings of the Japanese restaurant, Nos. 113-120 San Pedro street.

So fearful of trickery were both of the parties to the suit, that each interpreted on having his own interpreter and was not deterred when told by the court that the interpreters must split the regular fee. All the former employees in the restaurant were in court in a body, and many friends of both parties. The quarrel between the rival restaurant men has been a subject of great interest to the Japanese colony, which is waiting curiously to see which will prevail.

Osa says that last October he bought the restaurant from Hamanaka, and that everything was going well with him until he went into the country on a short pleasure trip last January. But then, he says, some person caused an article to be published in the local Japanese paper that he had left to escape his creditors, and before he returned his restaurant had been seized by Hamanaka and others. He demands his property, or \$300, its alleged value.

Hamanaka unfolds a complicated tale of Osa's operations. He says that Osa leaves the restaurant to him last October on a peculiar form of Japanese contract that entitled Hamanaka to take possession when Osa left town suddenly with about \$1000 debts outstanding.

Then he assigned an employee assigned their claims to S. Kai, an employee, and attached the place. When the attachment was released by Hamanaka, they again assigned the same claims to one Timura, and Osa was defeated judgment in Justice Stephens' court, although judgment was also obtained on the claims in Justice Selph's court. An execution was issued by Justice Stephens, and Hamanaka again nearly lost possession of the restaurant.

Engineer Whitman produced a map showing the amount of water front around the harbor and the amount still held by the city. This map shows that more than 20,000 feet of the water front on the outer harbor alone still remains in the possession of the city of San Pedro. The railroads have really secured only small concessions there.

Attorney Joseph Call spoke of the advantage in freight rates that should accrue through consolidation, provided the greater city shall control the free harbor. He gave statistics showing that the freight rate between San Pedro and Los Angeles is ten times as great per ton mile as that between New York City and Chicago. He thinks this rate should be cut in half, at least.

Two days ago Mayor Harper appointed a committee of attorneys to formulate a draft of a plan for consolidation. A partial report was made last night, to the effect that it may be possible for the two cities to consolidate without securing an enabling act from the State Legislature. There seems to be a question about the class in which San Pedro belongs. It has been generally accepted as a city of the class in which San Pedro belongs. It has been generally accepted as a city of the class in which San Pedro belongs.

The Mayor was requested last night to send out additional invitations to the press of the country, so that the least citizens may be in attendance to take part in the formation of the permanent committee. San Pedro was represented last night by the following delegation:

John T. Gaffey, P. S. Whitman, Richard Quinn, D. E. Sewell, W. P. Brickenbach, W. O. Miller, Peter Lux, J. L. Griffin, N. C. Anderson.

He claimed that he is serving a probation sentence for permitting liquor to frequent his place; but he says all this occurred while he was thousands of miles away. Church developed an unusually strong pull, and the police department was very docile. No attempt was made to arrest him. The Mayor's concession is one of acreage only and that the city retains the water front.

**NEIGHBORS WRANGLE.**

**DOG, LAMP AND LOAN.**

"She told me that her shepherd dog was so savage that it had bit her child, and as I wanted a dog, I agreed to give her an \$8 brooder for it. But she wouldn't take the brooder and the dog wasn't savage, so I untied it and let it go home." C. B. (Habeas Corpus) Ladd told Justice Pierce yesterday in combatting his neighbor, Mrs. Nat Anderson's claim at law on him for payment of \$10 for the dog.

Ladd told the court that he had paid \$12.50 for his away-back brooder last June and was to pay him as much more, but he never did because he misrepresents the horse to me. I let him have my horse, I had his horse shod, I loaned him money when he needed it, and when he wanted to go home I told him to go home. I let him have my horse, I had his horse shod, I loaned him money when he needed it, and when he wanted to go home I told him to go home.

"I sold her the horse for \$20 and she paid me for it," said Ladd. "This receipt that she says is for money loaned has been materially altered since I saw it." I returned her lamp, the dog ran away and I shot her horse. I owe her husband \$7 for will carting, and I will pay it as I agreed. As for the \$10 money loaned, I offered to pay her \$10 which I did borrow, and she refused it."

After most of the day had been spent in the examination of a large number of witnesses from Vernon, some discovered that Mrs. Anderson, though a married woman, had brought the suit in her own name, and not jointly with her husband. This legal technicality blocked proceedings and it was necessary to dismiss the suit.

**MOTHER WEEPS.**

**DAUGHTER GETS CITATION.**

"We were on friendly terms once, but since that time my daughter has broken up my home and taken my husband from me," sobbed Mrs. Augusta L. Hillman, No. 360 East First street, when she appeared before Judge Rives yesterday to testify on a citation issued on the demand of her daughter, Miss Florence A. Wira, administratrix of her grandmother, Mrs. A. L. R. Spangmeyer's \$200 California estate.

Miss Wira said that when her grandmother died in New Jersey in 1906, she

bequeathed to her various articles of household furnishings that her mother appropriated, telling Miss Wira that they had been left to Mrs. Hillman. After Miss Wira was appointed administratrix of Mrs. Spangmeyer's California estate, she filed a petition that her mother be compelled to deliver the articles of furniture, alleged to have been bequeathed by Mrs. Hillman, who appeared in court yesterday to explain what she had done with them.

"When I received the articles in New Jersey, I did not know that they had been bequeathed to my daughter," said Mrs. Hillman. "I boxed them up and sent the freight charges on them to California, my daughter consenting. She even gave me two of her grandmother's pins that had been left to my daughter. One of them was taken from my mother's breast as she lay in her coffin. My daughter was then on friendly terms with me, and it was not until trouble arose between us that she began this contest. I am willing to turn over her property when she pays the expenses of bringing it put here and storing it. It is not worth \$200."

The court continued the hearing for another week, July 4, 1936. Miss Wira cannot recover the property until she satisfies her mother's lien on it.

**HAD HIS WAY.**

**NOW TO PENITENTIARY.**

Because of the obstinacy of Woo Chew, a Chinese vegetable peddler, he must spend a term in the penitentiary, although he spent by following the advice of his attorney, H. H. Appel, have served instead a term in the County Jail for assault on Chung Sen, another Chinese peddler, whom he shot in a Chinatown row July 4, 1935.

Woo Chew, according to testimony at his trial yesterday, was talking Chinese politics with Chung Sen, who had a wagon wrench in his hand. Woo Chew, who is a member of a Chinese tong, stated that Chung Sen's tongue would not raise an arm. Chung Sen called Woo Chew a liar, and aimed a blow at him with the wrench. Then Woo Chew drew his gun and shot Chung Sen in the groin. Both Chinese men ran from the corral, and Woo Chew escaped, being picked up on a change of these months ago by a policeman, who recognized him as the Chinaman so long wanted. At the time of his arrest, Woo Chew told the detectives that he had done the shooting.

It was understood by the District Attorney and Woo Chew's counsel that he would plead to a charge of simple assault yesterday morning, instead of standing trial on the original charge of assault to murder, but the Chinaman surprised every one by demanding a trial. He said that he could not be convicted.

When Woo Chew took the stand in his own defense, he surprised his own counsel by denying that he had shot Chung Sen. He said that he had been hit by a stray bullet fired by some one else, and that he had not even carried a revolver at the time.

"I have no questions to ask my client," said his counsel. "He has evidently been influenced by other Chinamen to tell a story from the one he told me."

After thirty minutes' deliberation, the jury found Mr. Chew guilty of assault with a deadly weapon.

**COURTHOUSE NOTES.**

**BREVITIES MISCELLANEOUS.**

**SEWER.** W. A. H. E. Sakins and the other City Trusts of Ocean Park yesterday filed in the Superior Court a suit against the City of Santa Monica to recover \$100, alleged due for the expense of construction of an extension of the sewer from the City of Ocean Park to the City of Santa Monica. The suit alleges that the construction work was made under contract with the additional flow of Santa Monica sewer through the Ocean Park pipes, and that the City of Santa Monica was to pay its portion of the expense of the construction work, but has not done so.

**COLLAPSE.** C. G. Barnes yesterday filed in the Superior Court a \$10,000 damage suit against the Hawthorne Rockers, who he claims caused the collapse of a bridge over the Pacific Ocean Park, which he claims caused the death of his wife, Mrs. J. Smith, who, she says, died as a result of injuries sustained April 2, last in a collision at Rosemary Station between two of the company's trolley cars.

**SEARCH WARRANT.** On a search warrant sworn out by T. H. Kaljian in Justice Stephens' court, Dr. Orlov N. Orlov's home at No. 1229 South Grand avenue was searched yesterday to recover rugs alleged to have been embezzled. The search was made by Detective Orlov, who was arrested Saturday on Kaljian's charge that he had embezzled \$2500 worth of oriental rugs last December, about one-half of which have been recovered. Orlov, who is suffering from heart failure, was reported improving in condition yesterday.

**PERSONAL INJURY.** C. W. Davis yesterday filed a \$20,000 damage suit against the Mission Apartments, Broadway and Franklin streets, for injuries alleged to have been sustained by him in an elevator when he fell March 2, last, when his left arm was broken and he was otherwise injured. Davis says he was riding a trunk on an elevator with defective ropes, which broke, precipitating him to the ground.

**INCORPORATION.** Articles of incorporation were filed yesterday by the

of failure to punish. But something worse in regard to this time the one opportunity to do the right thing—namely, to strip—has been lost. The convicted criminal, bound alike by his official duty and by the public opinion, has entered into a secret agreement with the convict, and has nullified the work of the court. He has the right to compel the prisoner, it certainly does not open his lips in this connection as in his furious explosion of rage, we ought not to consider. Perhaps, as his friends are doing, possibly his position has been too much for him, wanting in discipline, lacking purpose, goaded beyond endurance, opportunities lost and tortured by public condemnation—[The

Miss Robertson a Bride.  
Miss Anna Robertson and Fred E.  
Hartley were married Wednesday  
evening in the presence of relatives  
and a few intimate friends at the home  
of the bride's parents, Mr. and Mrs.  
G. L. Robertson of No. 1022 Leighton

avenue. Rev. G. E. Foster of the  
Newman Methodist Church performed  
the ceremony beneath a canopy of as-  
surous plumage and white marquer-  
ies. The wedding march was  
played by Mrs. S. Eastman and Harry  
Hartley sang "O Promise Me" and  
"Call Me Thine Own." Miss Lillian  
Bradford attended the bride as maid  
of honor. She was attired in a gown  
of lavender marquisette and carried a  
shower of lavender and white sweet  
peaks. W. O. Robertson stood with the  
groom. The bride wore a pretty crea-  
tion of French organdie, made en  
train, and carried white carnations.  
After a wedding supper Mr. and Mrs.  
Hartley left for a honeymoon trip  
through Northern California.

**Dancing Party.**  
Miss Alice Cline has issued invita-  
tions for a dancing party to be given  
Thursday evening, June 18, at her  
home, No. 538 South Figueroa street.  
The guests of honor will be Miss Sarah  
Clark and Miss Lillian Van Dyke.  
The invited guests are members of the  
graduating class of Marlborough  
School.

**WOMEN'S  
CLUBS.**  
Friday Morning.  
The Friday Morning Club will have  
one of the most unusual programmes  
of the year today when "The Way the  
Machine Does Politics" will be handled  
by Marshall Stinson, and Oscar Law-  
ler will answer.

**The Philomath.**  
A charming luncheon at the resi-  
dence of Mrs. F. L. Morgan, No. 925  
West Twelfth street closed the year's  
work for the Philomath Club last  
Wednesday, the occasion being the  
eight anniversary of the founding of  
the club. The club colors, red and  
white, were carried out in masses of  
spray carnations that bordered the  
whole interior. Eighteen members sat  
about the luncheon table and rejoiced  
at the appearance of the handsome  
birthday cake ornamented with eight  
red tapers alight. Each taper was  
blown out and a good wish for the  
club blown into the air.  
The toastmistress was the hostess,  
Mrs. Morgan, who elicited many happy  
sentimental responses of the occasion.  
The retiring president, Mrs. Luther C.  
Wood, and the incoming president,  
Mrs. C. Milton Adams, graced the  
scene. Besides the hostess and the two  
presidents, the members at the lun-  
cheon included: Misses, Russell Barber,

# Manco Salmon

The Delight of  
the Epicure  
"Packed fresh from the icy  
waters of Alaska."

IF YOU REALIZED THE REAL  
food value of "Manco" salmon  
—you would eat it three times  
as often as you do now.  
EAT IT INSTEAD OF MEAT—ITS  
more nourishing and strength-  
ening and it's more easily di-  
gested.  
YOU CAN FIX IT IN A SCORE  
of tempting ways that are en-  
tirely different—scalloped sal-  
mon, creamed salmon, salmon  
croquettes, broiled salmon, sal-  
mon loaf, etc.  
TRY IT TODAY—AND ENJOY IT  
—it's a rich red salmon—de-  
lightfully appetizing.

**GRADUATE DENTISTS.**  
The faculty of the College of Den-  
tistry, University of Southern Califor-  
nia, gave a banquet at Hotel Virginia,  
Long Beach, last evening to the thirty-  
two members of the graduating class.  
There were 150 guests, including rep-  
resentative dentists of Southern Califor-  
nia, the alumni and the graduates.  
Red and gold, the class colors, formed  
the decorations of the hall. B. F.

# "The Times" at the Convention

STRONG, ATTRACTIVE,  
ACCURATE

Galaxy of Brilliant and Sententious Writers

In the world's eye the thing that looms at the present time is the  
National Republican Convention at Chicago.  
The Times will print the most complete, interesting, "salty" and  
informing reports of this great event.

In addition to the very full and comprehensive reports of the  
Associated Press, The Times will have dispatches daily from two of  
its own home staff, being represented at Chicago by

MR. GEORGE W. BURTON  
and  
MR. HARRY C. CARR.

The Times also has secured the services of William Allen White,  
famous in literary and journalistic fields.

WILLIAM ALLEN WHITE.

William Allen White has been designated by one of Amer-  
ica's greatest journalists as "the most refreshing, wholesome  
and attractive media of expression now at large in the United  
States."

Born in Kansas less than two score of years ago, at twenty-  
eight, Mr. White had already focused national attention.  
He had come with something to say worth while, and he said  
it with such a clear, clear sense that he is now looked upon  
by trained "watchers on" as one of the most accurate, far-  
seeing and people-appealing of all the major prophets of this  
generation.

The editorial "What's the Matter with Kansas?" written by  
Mr. White for his own paper, The Emporia (Kansas) Gazette,  
during the campaign of 1894, thereafter distributed by the mil-  
lions as a tract by the National Republican Committee under  
the direction of Mark Hanna, was not a studied matter, but  
the spontaneous pencil dash from the hands of a man whose  
heart and head had merely been keeping pace with the affairs  
and interest of his State. And while the editorial attracted  
immediate attention, it was nothing out of the ordinary except-  
ing that it reflected the thought and talent of the man writing  
it.

Mr. White will visit the Chicago Convention as a virtue  
newspaper man, a man who has done things with ink and type,  
noed for news, trapped for space and been personally as-  
saulted for his editorial courage. He is a man who knows the  
political art from the standpoint of a high thinking layman  
and has followed and reported the deeds and doings of the  
vanishing American from his glory to his now seeming  
doom. He has studied and knows the web-work radiating  
from the County State and National political organizations as  
the school boy knows his maps, and he has always written  
what he has thought, leaving consequences alone.

One of Mr. White's most notable convention reports was  
that of the last Democratic Convention at St. Louis. He will  
write the Republican Convention, treating it from its human  
interest aspect.

Two preliminary articles will experiment with the happen-  
ings of the thrilling days to follow, and after the Convention  
proper assembly, a telegraphic article will be sent out from  
the Convention Hall daily to this paper.

The makers of the convention, the dominators of its mov-  
ing—the builders of its candidates, will be discussed in Mr.  
White's own inimitable style, with touches of his rare charac-  
ter delineations, as heretofore written in his magazine sketches  
of Croker, Platt, Roosevelt and Taft. In fact, every clew of in-  
terest, experience and blood-color dealing with the live ele-  
ments of the convention will be handled.

These articles will appear exclusively in this paper in this  
city, during the convention. Watch for them. You will not  
fail to read them.

The Times will have the exclusive service in California of "Ray-  
mond" and the staff of the Chicago Tribune, the greatest newspaper  
in Chicago, covering the convention at all points.

Every stirring, up-to-date man and woman in California will be  
eager to read The Times during convention week. Its columns will  
throb with the most vital interest, and be alive with the action of  
the nation's most appealing life story of the current day.

The convention will assemble June 16. The Times will be sent  
to any address for the week for 25 cents.

## FLOAT ON MOUNTAIN TOP.

The great four-ton float that will rest in 800 pounds of mercury and support fifteen tons of the thirty-ton weight of the great telescope and its appliances, is on the top of Mt. Wilson. Two days were consumed in the trip of the truck up the mountain, and at times it was necessary to hitch two mules to the auto to pull the great load. This is one of the heaviest loads that will be taken up during the summer months.

The trough that is to hold the mercury will be the next part of the apparatus taken up the mountain.

## Daniel moved here about twenty years ago, when South Pasadena consisted of a few houses. He was about 10 years old, and a very religious man. He had a happy disposition, and spent most of his time singing while selling vegetables around town.

## Mrs. Elizabeth Mumford, daughter of Mrs. Anna Mumford, of Prospect Avenue, is home from her second year at Vassar College.

William Dodge of Pasadena has started to erect a six-room bungalow on his lot on Oaks street, between Mound and Fair Oaks avenue; it will cost about \$2,000.

William McCarthy of No. 609 Fremont street has sold his home to E. Z. Archdeacon, and will go to Canada for a six months' trip.

Children's Day will be observed at the home of Mrs. McCarthy.

Points of Vantage Bought by Male Population When Petite Damsels Cling to Lifeline Only Waist High. Council Gets Into Rough Water Over Storm Sewer Assessment.

LONG BEACH, June 11.—Attracted by an unusual stir on the beach this afternoon, and a seemingly unanimous desire of every man in the vicinity to reach some vantage ground near the rolling surf, Officer Franks, who looks after the properties of the bath-house, clung to the life line, in water reaching only waist high, were two petite damsels, clad in bathing suits, but not of the regulation kind. They were of pure white, and of diaphanous material that once wet by the sea, a spectacle was afforded that made the officer gasp.

But they didn't. Instead both girls gave a frightened look at the crowd on shore and then sat down until only their heads and shoulders were above water. There they remained, and there they remained until Franks succeeded in driving the crowd to a safe distance.

has been wronged in the action against him. Dr. Willis last refused to make any statement. He is one of the younger practitioners in the city.

PLEADS GUILTY.  
Harry Fessler, who was detected today, was arrested yesterday morning and brought before Judge E. Klamroth, where he pleaded guilty to the charge of cruelty to animals. He will appear for sentence today morning at 9 o'clock.

MERCHANTS MEET TONIGHT.  
An evening Mayor Thomas Earley, Hon. Harvey W. McGee will speak at the quarterly meeting of the Merchants' Association. The act of Judge McGee's address will be "Financial Conditions as Viewed from the Present Time and the Outlook for the Future."

PASADENA NEWS NOTES.  
A heavy rock bed is being installed to drive up Lester avenue from the Arroyo Seco. Complaint of the city caused the work to be done. The work was held in the afternoon over the remains of George Beach, aged 67 years, who died at home, No. 1234 South Main street, Wednesday. Rev. Malcolm J. McCall will have charge of the service at 2:30 o'clock this afternoon. Burial will be at Alhambra.

The big float is twenty feet in diameter and over two feet thick. It will form the base of the inside of the observatory and bear half the weight that would otherwise rest on the running bearings.

SELLS FINE APARTMENTS.  
Dr. Leo C. Deming of this city has exchanged his fine apartment house at No. 39 North Euclid avenue for a ranch of sixty-one acres, located near Santa Ana. William Cox is the owner of the ranch property.

Why not spend a few delightful days at the magnificent Virginia, Long Beach? American plan; moderate rates. Write for booklet. Pictures framed at Wadsworth's. Phelps for wall paper and paints. Hotel Vista del Arroyo and bungalow, Pasadena. Summer rates.

HOLLYWOOD.  
HOLLYWOOD, June 11.—Considerable interest has been aroused in the two contests to be held at the High School tomorrow night, when members of the Board of Trade will meet High School pupils in a showdown and representatives of the Woman's Club will compete with pupils in a pronunciation contest.

Dr. Wayne Smith addressed the Woman's Club on "The Educational Awakening" yesterday. His address came when local citizens are becoming interested in manual training and contained much that was of value. Mrs. Ledyard of the kindergarten department of Los Angeles, also spoke.

St. Catherine's Guild will give a tea the 27th inst., at the home of Mrs. A. J. George, 1444 avenue.

A splendid programme of vocal and instrumental numbers was given at the closing musicale of the Woman's Club in Wilcox Auditorium last evening. The artists were Roland Paul, tenor; Miss Steeb, pianist; Mmes. Johnston-Bishop, soprano and Jay Flowe, flutist.
